No. 3095

JUDGMENT AND DECREE

The above entitled proceeding came on regularly for hearing, trial and determination on the 24th day of October, 1939, before the above entitled Court; Spencer Burroughs, Esq. appearing as attorney for the Division of Water Resources of the Department of Public Works, State of California; all claimants in said proceeding having been duly and regularly notified of said hearing, trial and determination and having failed to appear at said hearing, trial and determination, and having thereby waived findings of fact and conclusions of law; evidence both oral and documentary having been introduced and the evidence having been closed and the matter having been submitted for decision; the Court having heretofore made and entered orders herein, as hereinafter set forth in paragraph 14, substituting certain parties and amending the order of determination filed herein by the Division of Water Resources of the Department of Public Works, State of California; and the Court being fully advised in the premises; now therefore,

IT IS HEREBY ORDERED, ADJUDGED AND DECREED as follows:

1. The said order of determination as heretofore amended by the Court is affirmed and adopted as the basis for the decree of this Court determining and establishing the several rights in and to the use of the

1 waters of the Middle Fork of Feather River and its tributaries above Beckwith,  
2 Plumas County.

3 2. All of the rights hereinafter set forth are subject to all  
4 definitions, limitations and provisions hereinafter set forth under the  
5 heading, "GENERAL DEFINITIONS, LIMITATIONS AND PROVISIONS".  
6  
7

8 HISTORY OF SAID PROCEEDING

9 3. The above entitled proceeding was initiated by F. E. Humphrey,  
10 Jr., who on March 5, 1936, duly filed a petition with said Division of Water  
11 Resources, for determination in accordance with the provisions of the water  
12 commission act, of the rights of the various claimants in and to the use of  
13 the waters of the Middle Fork of Feather River and its tributaries above  
14 Beckwith.

15 4. Upon investigation said Division of Water Resources found the  
16 facts and conditions to be such that the public interest and necessity would  
17 be served by the determination petitioned for. On March 6, 1936, by order  
18 duly given and made, said Division of Water Resources granted said petition,  
19 and thereafter duly gave notice by publication as provided by law, setting  
20 forth the fact of the entry of the aforesaid order and of the pendency of said  
21 proceeding, specifying the date upon which said Division of Water Resources  
22 would begin its examination of said stream system, to wit, April 15, 1936, and  
23 prescribing and requiring all claimants to rights in and to the use of the  
24 waters of said Middle Fork of Feather River and its tributaries above Beckwith  
25 to make proof of their claims in the manner provided by law.

26 5. At the time set in said notice said Division of Water Resources  
27 began its investigation of the flow of said Middle Fork of Feather River and  
28 its tributaries above Beckwith and of the conduits diverting water, and of  
29 the lands irrigated or irrigable thereon, and proceeded to gather all other  
30 data and information essential to the proper determination of the rights in and  
31 to the use of the waters thereon, and thereafter said Division of Water

1 Resources, reduced its observations, data, information and measurements to  
2 writing and executed surveys and prepared maps from the observations of such  
3 surveys in accordance with uniform rules and regulations duly and regularly  
4 adopted by said Division of Water Resources, which surveys and maps showed  
5 with substantial accuracy the course of the streams involved in said proceeding,  
6 the location of each conduit diverting water therefrom, land irrigated and  
7 capable of being irrigated by each conduit, and the kind of culture upon said  
8 irrigated lands. Said maps were prepared by said Division of Water Resources  
9 as the surveys and observations progressed, and when completed were duly and  
10 regularly filed and made of record in the office of said Division of Water  
11 Resources.

12 6. A conference of the various claimants included in said proceeding  
13 and their representatives was called by said Division of Water Resources on  
14 April 16, 1937, at Vinton, in said Plumas County and in said state, for the  
15 purpose of presenting the data that had been collected prior to that time by  
16 said Division of Water Resources. After discussing the matter at said confer-  
17 ence, an agreement based upon the data collected by said Division of Water  
18 Resources, was entered into by all claimants in said proceeding, which agree-  
19 ment provided a plan of trial distribution of the waters of the Middle Fork of  
20 Feather River and its tributaries above Beckwith during the 1937 season  
21 pursuant to the provisions of Section 10a of said water commission act. Said  
22 plan of distribution was to be operative during the 1937 season only and it  
23 was provided therein that the rights of said claimants should in no manner be  
24 prejudiced by such distribution of water. Said agreement provided that said  
25 Division of Water Resources should supervise said plan of distribution through  
26 the agency of a water master and that said Division of Water Resources should  
27 have power and authority to modify said plan, if any defects in said plan  
28 became revealed through operation thereof during the course of said season.  
29 Said plan of distribution, as modified and improved during the course of  
30 operation thereof, was considered by more than 95 per cent of claimants in said  
31 proceeding to correctly show the status, measure and relation of the relative

1 rights involved in said proceeding. The proofs filed by claimants in said  
2 proceeding as hereinafter set forth in paragraph 7 were in most instances based  
3 upon said modified plan of distribution. Operation of said modified plan of  
4 distribution was continued through the 1933 season pursuant to an agreement  
5 entered into by said claimants on April 21, 1933.

6 7. Upon the completion of the aforesaid measurements and maps and  
7 after filing of said observations, data, information and measurements, as  
8 aforesaid, said Division of Water Resources, by order duly given and made, gave  
9 notice by publication thereof as provided by law, setting forth the date prior  
10 to which proofs to be furnished by claimants, in and to the use of the waters  
11 involved in said proceeding, were required to be filed with said Division of  
12 Water Resources, and said Division of Water Resources gave like notice and  
13 enclosed therewith forms of proofs as required by said water commission act,  
14 by registered mail, with postage fully prepaid thereon, to each claimant to  
15 file in and to the use of the waters involved in said proceeding, insofar  
16 as such claimant could be reasonably ascertained at his last known place of  
17 address. Thereafter the time allowed within which proofs might be filed was  
18 extended by order duly given and made by said Division of Water Resources,  
19 to and including January 15, 1933, and within said period as so extended  
20 claimants herein duly filed with said Division of Water Resources proofs of  
21 their respective rights in and to the use of the waters involved in said  
22 proceeding with the exception of proofs 213 and 214 which were filed on  
23 May 13, 1933. The rights of the parties filing said proofs 213 and 214 have  
24 been determined as hereinafter set forth by said Division of Water Resources  
25 on such evidence as it had obtained or that it had on file in its office in  
26 conformity with the provisions of Section 30 of said water commission act.

27 8. After the filing of proofs by claimants as aforesaid, and after  
28 the expiration of the time fixed by said Division of Water Resources for the  
29 filing of said proofs, said Division of Water Resources duly assembled all  
30 proofs which had been filed, except proofs 213 and 214, and prepared and duly  
31 certified an abstract of all said proofs, and duly caused the same to be

1 printed in accordance with the provisions of said water commission act, and  
2 thereafter by order duly given and made, prepared a notice fixing and setting  
3 a time and place convenient to the claimants when and where evidence taken by  
4 or filed with said Division of Water Resources would be open to inspection for  
5 a period of not less than ten days; and a copy of said notice together with a  
6 printed copy of said abstract of proofs, was thereafter, and more than fifteen  
7 days prior to the first day prescribed in said order as the commencement of  
8 the period of such inspection, duly mailed by registered mail, with the postage  
9 fully prepaid thereon, to each claimant who had appeared and filed proofs as  
10 required by said water commission act, and thereafter and in accordance with  
11 said notice and with said water commission act, all of the evidence taken by  
12 or filed with said Division of Water Resources was open for inspection at the  
13 times and in the places and for the period designated in said notice, and any  
14 and all persons during said period were permitted to inspect such evidence and  
15 proofs in conformity with the provisions of said water commission act, and  
16 during all of said period of inspection, a representative of said Division of  
17 Water Resources was present.

18 9. Twenty-eight contests of claims were filed with said Division of  
19 Water Resources within fifteen days after said evidence and proofs were opened  
20 to public inspection in conformity with the provisions of Section 34 of said  
21 water commission act; within ten days after the receipt of the notice of each  
22 of said contests, said Division of Water Resources notified by registered  
23 mail the contestants and the claimants respectively involved in each of said  
24 contests of the respective time and place fixed for hearing the matter of said  
25 contest, each of said times being fixed not less than fifteen nor more than  
26 sixty days from the respective time said Division of Water Resources mailed  
27 said notice of hearing in conformity with Section 35 of said water commission  
28 act; and said Division of Water Resources duly held said hearings of contests  
29 at the respective times and places fixed by said notices of hearing, and  
30 caused a copy of transcript of all testimony taken at each of said hearings  
31 to be filed with said Division of Water Resources.

1            10. Said Division of Water Resources duly made and entered on  
2 August 2, 1959, its order finding, determining and establishing the several  
3 rights in and to the use of the waters of said Middle Fork of Feather River  
4 and its tributaries above Beckwith, Plumas County, California, which said  
5 order was entered of record in the office of said Division of Water Resources  
6 in Book 2, Orders of Determination, at page 552, which said order was duly  
7 certified by said Division of Water Resources. Thereafter said Division of  
8 Water Resources caused said order of determination so certified to be printed  
9 in the State Printing Office and a copy thereof to be sent by registered mail,  
10 with the postage fully prepaid, to each person who had filed proof of claim,  
11 and to each person who had become interested through intervention in said  
12 proceeding under the provisions of said water commission act, in all respects  
13 as provided thereby and in conformity therewith.

14            11. At the time of submission of said proofs, said Division of  
15 Water Resources collected the fees due thereon, as prescribed in Section 32  
16 of said water commission act, and after the time of mailing its order of  
17 determination as aforesaid, computed the entire cost incurred in performing  
18 the duties prescribed in Sections 26 to 33 of said water commission act, and  
19 duly apportioned the amount by which said entire cost exceeded the total  
20 amount received on account of fees paid at the time of filing said proofs  
21 among all claimants according to the method of apportionment provided in  
22 Section 32 of said water commission act, and in all respects in conformity  
23 therewith, and duly mailed notice of the assessment of additional charges by  
24 registered mail to each claimant, said notice including a statement of the  
25 total sum assessed and of the sum assessed against each claimant in said  
26 proceeding.

27            12. After the entry of said order of determination as aforesaid,  
28 and on August 22, 1959, a certified copy thereof, together with the original  
29 evidence filed with or taken by said Division of Water Resources, all duly  
30 certified by said Division of Water Resources, was filed with the Clerk of the  
31 Superior Court of the State of California, in and for the County of Plumas.

1 Upon the filing of said certified copy of said order and evidence with the Clerk  
2 of said Court, and on August 22, 1939, said Division of Water Resources procured  
3 an order from said Court setting October 24, 1939, at 10:00 o'clock in the  
4 morning of said day, in the courtroom of said Court in the city of Quincy in  
5 said county and state, as the time and place for hearing on said order of deter-  
6 mination, and requiring and prescribing that on or before ten days prior thereto  
7 all parties in interest aggrieved or dissatisfied with said order of determina-  
8 tion, should file with the Clerk of said Court notice of exceptions to said order  
9 of determination. Said Division of Water Resources thereupon procured from the  
10 Clerk of said Court a certified copy of said order of said Court setting said  
11 time and place for hearing as aforesaid, and forthwith said Division of Water  
12 Resources mailed a copy of such certified copy of said order of said Court by  
13 registered mail, with postage fully prepaid thereon, addressed to each known  
14 party in interest at his last known place of residence, in all respects as re-  
15 quired by said water commission act, and duly caused said certified copy of said  
16 order to be published as required by said water commission act, and duly filed  
17 with the Clerk of said Court proof of such service by registered mail and  
18 publication.

19 13. No exceptions were filed with said Court within the time or in  
20 the manner as provided by Section 53b of said water commission act. Said pro-  
21 ceeding came on duly and regularly for hearing before Judge J. G. Bruton on  
22 October 24, 1939, at which time said Court made an order directing said Division  
23 of Water Resources to prepare for entry by said Court a decree determining the  
24 rights of all persons involved in said proceeding in accordance with said amended  
25 order of determination.

26 14. The Court has heretofore made and entered orders herein as  
27 follows:

28 (1) That on page 1 after the second paragraph of said order of deter-  
29 mination, the following be inserted: "The following parties are corporations  
30 organized and existing under and by virtue of the laws of the State of  
31 California and their offices and principal places of business are set forth  
after their respective names as follows, to wit, Westover Co., San Francisco,

1 California; Sierra Valley Water Company, a corporation, Sierraville,  
2 California; Davies-Johnson Lumber Company, Calaveras County, California;  
3 Sierra Valley Bank, Loyalton, California; and said parties are hereinafter  
4 designated by their respective corporate names as above set forth."

5 "The following parties are corporations organized and existing under and  
6 by virtue of the laws of the State of Nevada, having their offices and  
7 principal places of business in Reno, Nevada, and are hereinafter designated  
8 by their respective corporate names, to wit, Clover Valley Lumber Company,  
9 and First National Bank of Nevada."

10 "Randolph Water Company is a co-partnership, having its office and  
11 principal place of business in Sierraville, California, and is hereinafter  
12 referred to as Randolph Water Company"; and

13 (2) That on page 11, paragraph 21, of said order of determination,  
14 lines 9, 10 and 11 be stricken out and in lieu thereof the following be  
15 substituted:

16 "designated as follows:

17 (a) Two (2) inches to said Amanda T. Blaisdell at a point on  
18 said ditch west of the Amanda T. Blaisdell dwelling on the  
19 Truckee Road.

20 (b) Two (2) inches to said D. J. Webber at any point on  
21 said ditch where the same passes the lot of said D. J. Webber  
22 in Randolph.

23 (c) Two (2) inches to said Mrs. O. W. Webber at any point  
24 where the said ditch passes the land of said Mrs. O. W. Webber in  
25 said Randolph, and

26 (d) The remainder of nineteen (19) inches to be taken out of  
27 said ditch at the point on said ditch where the so-called town  
28 of Randolph flume leads from said ditch to the so-called Town  
29 Tank, said point being at or near the end of the so-called  
30 White Ditch;" and

31 (5) That the said order of determination be amended to include

1 additional provisions as follows:

2 (a) "Josephine Roberti, C. D. Laffranchini and L. A. Laffranchini are  
3 entitled to extend and enlarge the Huntley Upper North Ditch  
4 (Diversion 40) along the northerly boundary of the irrigated lands  
5 of said Jennie F. Huntley to connect said ditch with a slough which  
6 traverses the NW $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 1, T. 22 N., R. 15 E., M.D.B.& M.;  
7 said ditch so extended and said slough are to be jointly used by  
8 said Jennie F. Huntley, Josephine Roberti, C. D. Laffranchini and  
9 L. A. Laffranchini to convey all or any portion of the allotments  
10 through Diversions 39 to 46, inclusive, hereinafter set forth  
11 opposite their respective names in Schedule 4; and said Jennie F.  
12 Huntley shall have exclusive control over the operation of said  
13 Huntley Upper North Ditch (Diversion 40)."

14 (b) "Josephine Roberti is entitled to extend the northerly branch channel  
15 of the North Channel of Last Chance Creek from its present terminus  
16 near the center of the SW $\frac{1}{4}$  SE $\frac{1}{4}$  of Section 2, T. 22 N., R. 15 E.,  
17 M.D.B.& M., along the line of an existing ditch leading westerly  
18 therefrom to the west boundary of the lands of said Jennie F.  
19 Huntley and thence westerly to connect with a canalized channel  
20 near the northwest corner of the SE $\frac{1}{4}$  SW $\frac{1}{4}$  of said Section 2; two  
21 spillways shall be installed in said extended channel, one near  
22 the center of the SW $\frac{1}{4}$  SE $\frac{1}{4}$  of said Section 2, and the other  
23 immediately west of the east boundary of the lands of said Josephine  
24 Roberti, to prevent backwater from damaging the lands of said  
25 Jennie F. Huntley; and said Josephine Roberti is entitled to use  
26 the Wherity North Ditch (Diversion 45) in conjunction with said  
27 Huntley Upper North Ditch (Diversion 40) for the irrigation of the  
28 lands hereinafter described under her name in Schedule 1;" and

29 (4) That on page 21 in paragraph 39, page 22 in paragraph 39, page 43 in  
30 paragraph 73, page 86 in Schedule 1, page 130 in Schedule 5, and page 141 in  
31 Schedule 10 of said order of determination, the name "Celia D. Fallow" be

1 changed to "Celia D. Fallon"; and

2 (5) That on page 46 in Schedule 1 of said order of determination, under  
3 the name of Horace G. Adams, the section number in the sixth description be  
4 changed from "25" to "35"; and

5 (6) That on page 49 in Schedule 1 of said order of determination, under  
6 the name of Francesca G. Bony and Marcel J. Bony, the fourth description of the  
7 40 acre subdivision be changed from "NE $\frac{1}{2}$  NW $\frac{1}{2}$ " to "SE $\frac{1}{2}$  SE $\frac{1}{2}$ " and the range be  
8 changed from "R 15 E" to "R 14 E"; and

9 (7) That on page 51 in Schedule 1 of said order of determination, under  
10 the name of Albert B. Church, the first description of the 40 acre subdivision  
11 be changed from "NW $\frac{1}{2}$  SW $\frac{1}{2}$ " to "NW $\frac{1}{2}$  NW $\frac{1}{2}$ "; and

12 (8) That on page 52 in Schedule 1 of said order of determination, the  
13 name of "Allan B. Devine" be changed to "Allen B. Devine"; and

14 (9) That on page 64 in Schedule 1 of said order of determination, under  
15 the name of Elsie Herz Golden, the third description of the 40 acre subdivision  
16 on "(Frenchman Creek)" be changed from "SW $\frac{1}{2}$  NW $\frac{1}{2}$ " to "SE $\frac{1}{2}$  SW $\frac{1}{2}$ "; and

17 (10) That on page 65 in Schedule 1 of said order of determination, under  
18 the name of Elsie Herz Golden, between the eighth and ninth descriptions of  
19 acreages on the "(Home Ranch)" the following description be inserted: "39.5  
20 acres in the NW $\frac{1}{2}$  NW $\frac{1}{2}$  of Section 17, T. 23 N., R. 16 E., M.D.B.& M."; and

21 (11) That on page 67 in Schedule 1 of said order of determination, under  
22 the name of F. E. Humphrey, Jr., the Range in the fifteenth description on  
23 the "(Middle Fork of Feather River Home Ranch)" be changed from "R. 14 E." to  
24 "R. 15 E."; and

25 (12) That on page 75 in Schedule 1 of said order of determination, under  
26 the name of Mary C. Laffranchini, in the first description on "(Bear Valley  
27 Creek)" the figure "24.9" be changed to "34.9"; and

28 (13) That on page 80 in Schedule 1 of said order of determination, under  
29 the name of Anna B. Miller the thirteenth description of the 40 acre sub-  
30 division on the "(Home Ranch)" be changed from "NE $\frac{1}{2}$  NE $\frac{1}{2}$ " to "NE $\frac{1}{2}$  SE $\frac{1}{2}$ "; and

31 (14) That on page 89 in Schedule 1 of said order of determination, under

1 the name of Frank R. Turner, et al., the fourth description of 40 acre sub-  
2 division on the "(West Side Canal - Mounds Ranch)" be changed from "NW $\frac{1}{2}$  NE $\frac{1}{2}$ "  
3 to "SW $\frac{1}{2}$  NE $\frac{1}{2}$ "; and

4 (15) That on page 89 in Schedule 1 in line 12 of said order of deter-  
5 mination, the name "Frank Turner" be changed to "Frank R. Turner"; and

6 (16) That on page 95 in Schedule 2 of said order of determination,  
7 between the descriptions of the Goble Upper North Channel and Goble Lower North  
8 Channel the following items be inserted: "Goble Middle North Channel" in the  
9 first column, the figure "36" in the second column, the description "NW $\frac{1}{2}$  SE $\frac{1}{2}$   
10 Sec. 32, T. 23 N., R. 16 E." in the third column, the description "S $\frac{1}{2}$  cor. Sec.  
11 32, T. 23 N., R. 16 E." in the fourth column, the bearing "N. 23° E." in the  
12 fifth column, the figure "1500" in the sixth column, and the figure "2" in the  
13 seventh column; and

14 (17) That on page 103 in Schedule 2 of said order of determination, the  
15 last item in the first column be changed from "Genasci Upper" to "Genasci  
16 Upper Field"; and

17 (18) That on page 107 in Schedule 2 of said order of determination, the  
18 third item in the fifth column be changed from "S. 23° W." to "S. 27° W."; and

24  
25  
26 DESCRIPTION OF AREA INVOLVED

27 15. The Middle Fork of Feather River has its source in the several  
28 tributary streams which rise in the plateau area on the west slope of the main  
29 divide of the Sierra Nevada mountain range in the east portion of Sierra and  
30 Plumas Counties. The various tributaries flow into a common basin, known as  
31 Sierra Valley, and converge into one stream which flows from said valley near

1 Beckwith in said Plumas County. The six most important tributaries, in clock-  
2 wise order from the north around Sierra Valley, are Last Chance Creek, Smith-  
3 neck Creek, Webber or Parker Creek, Hamlin Creek, Miller Creek and Turner Creek.  
4 In addition to the above six larger streams there are five streams of lesser  
5 importance, namely, in the same order around the valley, Staverille Creek,  
6 Antelope Creek, Lemon Creek, Fletcher Creek and Craycroft Creek, all of which  
7 are tributary to the above major streams within the confines of the valley  
8 floor. There are a number of small streams of even lesser importance debouch-  
9 ing onto the valley floor, which insofar as water supply is concerned, are  
10 important only so far as the rights thereon are involved.

11 16. The Middle Fork of Feather River above Beckwith has a tributary  
12 area of about 540 square miles. The altitudes within this area range from  
13 about 8700 feet at Babbitt Peak to about 5000 feet on the floor of Sierra Valley.  
14 Approximately 100,000 acres of land within the basin are relatively level in  
15 contour, one-half of which may be classified as agricultural, and of which  
16 about 40,500 acres are irrigated from said Middle Fork of Feather River and its  
17 tributaries.

18 17. The climate of the area involved in said proceeding is typical of  
19 that prevailing generally over the Great Basin. Low precipitation, abundance  
20 of sunshine, wide range of temperature variations, low humidity and rapid  
21 evaporation are the characteristic features of the weather. The mean seasonal  
22 precipitation as measured at Sierraville, in said Sierra County and in said  
23 state, is approximately 21.9 inches, of which about 93 per cent occurs during  
24 the period from October first to May thirty-first. About 40 per cent of the  
25 seasonal precipitation falls in the form of snow, normally in the months of  
26 December, January, February and March. Occasional thunder showers of high  
27 intensity but of short duration occur during the summer months. These showers  
28 largely account for the remaining 7 per cent of the seasonal precipitation but  
29 cannot be depended upon for crop growth. Records of temperature at Sierraville  
30 show the mean minimum temperatures for the months from October to April,  
31 inclusive, to be below freezing. For the remaining months of the year the

1 monthly mean minimum temperatures range from 33.0 to 39.7 degrees and the  
2 monthly mean maximum temperatures range from 67.1 to 84.8 degrees. The highest  
3 recorded temperature at Sierraville was 104 degrees and the lowest was minus  
4 34 degrees, a range of 138 degrees. Killing frosts for tender-leaf vegetation  
5 may occur any month of the year. These frosts, however, do not cause permanent  
6 injury to the predominating crops grown in the area and the growing season for  
7 such crops extends from about May first to September first, a period of about  
8 120 days.

9 18. The soils of the irrigated lands involved in said proceeding  
10 range from clay loams to gravelly loams in their various phases, with the clay  
11 loams and sandy loams predominating. The crops grown in the area are well  
12 adapted to the soils.

13 19. Agriculture on a commercial basis is limited by the climate of  
14 the region to the growing of forage crops and the hardier grains upon the lands  
15 involved in said proceeding. Of the total irrigated area in the Middle Fork of  
16 Feather River basin above Beckwith, approximately 92 per cent is devoted to  
17 the production of meadow hay and meadow pasturage. The remaining 8 per cent of  
18 the area is about equally divided between lands planted to alfalfa and those  
19 cropped to grain. Small orchards and gardens are found on a few ranches but  
20 the total acreage cropped thereto is negligible. The forage crops and grain  
21 are consumed locally in the livestock and the dairying industries.

22 20. The successful production of said basic crops is dependent upon  
23 irrigation, and since the water supply of the Middle Fork of Feather River  
24 and its tributaries above Beckwith is inadequate for all agricultural needs  
25 throughout each irrigation season, it is essential that the rights in and to  
26 the use of waters of said Middle Fork of Feather River and its tributaries  
27 above Beckwith be determined in order that there may be an orderly distribution  
28 thereof, to the lawful owners.

GENERAL DEFINITIONS, LIMITATIONS AND PROVISIONS

1  
2           21. The term "act" when used herein means the "water commission  
3 act", being Chapter 586, Statutes of 1913 of the State of California, as  
4 amended; the term "stream system" when used herein means the Middle Fork of  
5 Feather River and its tributaries above Beckwith; the term "claimant" when  
6 used herein means a party claiming rights in and to the use of waters of the  
7 Middle Fork of Feather River or any of its tributaries above Beckwith.

8           22. Although all quantities of water hereinafter found for the  
9 several claimants for direct application to beneficial use are severally ex-  
10 pressed in terms of continuous flow, nevertheless, nothing herein contained  
11 shall be construed as limiting or restricting the rights of any such claimants  
12 to rotate in the use of water, or the right of any such claimant to divert for  
13 limited periods of time convenient "irrigation heads", and thus apply water to  
14 his lands at a greater rate than indicated by the quantity of continuous flow  
15 so found; provided, that such practice of rotation or use of "irrigation  
16 heads" shall not result in the use by any such claimant of a total quantity of  
17 water during any thirty-day period in excess of the equivalent of such  
18 claimant's continuous flow allowance for thirty days; except water may be  
19 diverted under each right hereinafter set forth in "second priority class"  
20 and "third priority class" in Schedule 5, in "fifth priority class" in  
21 Schedule 6, in "third priority class" in Schedule 8, and in paragraphs 32 to  
22 38, inclusive, 50, 51, 58, 59, 60, 63, 72 and 73 at a greater rate than the  
23 continuous flow hereinafter set forth therefor provided that such diversion  
24 does not result in the use under each of said rights of a total quantity of  
25 water during any ninety-day period in excess of the equivalent of said  
26 continuous flow allowance for ninety days; and provided, further, that such  
27 practice of rotation or such use of "irrigation heads" shall not impair or  
28 infringe the rights of any other such claimant.

29           23. Nothing herein contained shall, or shall be construed to,  
30 prevent any of the claimants herein, who jointly use a ditch, where there is  
31 a continuous flow allotment to said ditch, from employing by agreement of

1 such joint users of said ditch a system of rotation in use as among them-  
2 selves; or prevent any claimant herein who has allotments to two or more  
3 ditches, from using all or any portion of the summation of such allotments  
4 through each or any of said ditches on all or any portion of his lands,  
5 provided the total quantity of water diverted by said claimant at any time  
6 shall not exceed said summation of such allotments.

7 24. The term "directly apply to beneficial use" means the direct  
8 conveyance and application of water diverted to beneficial use without inter-  
9 mediate storage, except such regulatory storage as may be practiced for the  
10 purpose of equalizing the flow of water diverted to a convenient irrigation  
11 head.

12 25. The term "natural flow" means such flow as will naturally occur  
13 at any given point in a stream from the run-off of the watershed which it  
14 drains, from springs which naturally contribute to the stream from seepage,  
15 and from waste and return flow from dams, conduits and irrigated lands; as  
16 distinguished from released stored water, and from foreign water directly  
17 conveyed to the stream from another watershed.

18 26. The "Division of Water Resources Map" hereinafter referred to  
19 as "D. W. R. Map" is the map prepared by the Division of Water Resources of  
20 the Department of Public Works of the State of California, from its surveys  
21 made in 1936 and 1937, which map comprises seven sheets, is entitled "Middle  
22 Fork of Feather River Stream System Showing Diversions and Irrigated Lands,  
23 Plumas-Sierra Counties, California", is dated 1937, and is on file in said  
24 proceeding.

25  
26 DEFINITION OF WATER RIGHTS

27 27. The rights in and to the waters, and in and to the use thereof,  
28 from said stream system are divided into six separate groups, designated as  
29 follows:

30 Last Chance Creek Group, Smithneck Creek Group, West Side Canal  
31 Group, Fletcher Creek Group, Little Truckee River Group, and Middle Fork of

1 Feather River Group; and all rights in each of the five first named groups,  
2 to wit, Last Chance Creek, Smithneck Creek, West Side Canal, Fletcher Creek  
3 and Little Truckee River are independent of all rights in the remaining four  
4 of said five first named groups, but are superior in priority and in right to  
5 all rights in said Middle Fork of Feather River Group as hereinafter set forth.

6 28. The various claimants in said proceeding are entitled to use of  
7 the waters of said stream system upon the irrigated lands hereinafter described  
8 under their respective names in Schedule 1, and are entitled to divert said  
9 waters at the respective points of diversion from said stream system as herein-  
10 after numbered and described in Schedule 2. The respective points of measure-  
11 ments of the quantities of water hereinafter allotted to the several claimants  
12 are at said respective points of diversion from said stream system, except the  
13 allotments to Fred P. Giudici and Myrtle W. Giudici, and Mauricilio Giudici  
14 and Julie Giudici through the F. P. Giudici Upper Ditch (Diversions 21) set  
15 forth in Schedule 4 hereof shall be measured at a point in said ditch immedi-  
16 ately east of Diversion 22, the allotments to Bernard E. Giudici and Rudolph E.  
17 Giudici through the Dicen Dam (Diversions 73) set forth in Schedules 4 and 5  
18 hereof shall be measured in Morris Slough at or near Dicen Lane, the allotment  
19 to Caesar P. Lombardi through the Upper Concrete Dam (Diversions 81) set forth  
20 in Schedule 6 hereof shall be measured at the place of use in the NW $\frac{1}{4}$  NW $\frac{1}{4}$   
21 Section 29, T. 21 N., R. 16 E., M.D.B. & M., the allotments to A. E. Strang and  
22 Delia R. Martinetti through the Miller-Strang Ditch (Diversions 167) set forth  
23 in Schedule 7 hereof shall be measured at a point in said ditch immediately  
24 above the pipe line forebay about 500 feet easterly from said Diversion 167,  
25 the allotments to the Freeman Ditch (Diversions 180) set forth in said Schedule  
26 7 shall be measured at a point in said ditch at the State Highway crossing  
27 about one-half mile easterly from said Diversion 180, and the allotment to  
28 Randolph Water Company set forth in Schedule 10 hereof shall be measured at  
29 the points designated as follows:

30 (a) Two (2) inches to Amanda T. Blaisdell at a point on said ditch west  
31 of the Amanda T. Blaisdell dwelling on the Truckee Road.

1 (b) Two (2) inches to D. J. Webber at any point on said ditch where the  
2 same passes the lot of said D. J. Webber in Randolph,

3 (c) Two (2) inches to Mrs. O. N. Webber at any point where the said  
4 ditch passes the land of said Mrs. O. N. Webber in said Randolph.

5 (d) The remainder of nineteen (19) inches to be taken out of said ditch  
6 at the point on said ditch where the so-called town of Randolph flume leads  
7 from said ditch to the so-called Town Tank, said point being at or near the  
8 end of the so-called White ditch.

9 29. The various claimants in said proceeding are entitled to  
10 "interrelated", "special class", and "surplus class" water rights. All allo-  
11 cations of said "interrelated" water rights in each of said groups in said  
12 stream system, as hereinbefore designated in paragraph 27, occur in various  
13 priority classes and are hereinafter set forth in Schedules 3, 4, 5, 6, 7, 8,  
14 9 and 10; each of said Last Chance Creek, Smithneck Creek, West Side Canal, and  
15 Middle Fork of Feather River Groups, contains rights in "special class" in  
16 addition to said water right allocations set forth in said Schedules 3, 4, 5, 6,  
17 7 and 10, which [said rights in "special class" are superior in priority and in  
18 right to all other rights in the group in which said rights in "special class"  
19 respectively occur] as hereinafter set forth; and each of said Last Chance Creek,  
20 Smithneck Creek, Fletcher Creek, and Middle Fork of Feather River Groups,  
21 contains rights in "surplus class" in addition to said water right allocations  
22 set forth in said Schedules 3, 4, 5, 6, 8, and 10/<sup>and</sup> in addition to said rights  
23 in "special class", which said rights in "surplus class" are inferior and  
24 subject to all other rights in the group in which said rights in "surplus class"  
25 respectively occur, as hereinafter set forth.

26 30. All allotments of "first priority class" set forth in Schedule 6,  
27 7, 8, and 10 hereof, all allotments of "second priority class" to be diverted  
28 through Diversions 92, 93, 111 and 112 set forth in said Schedule 6, all  
29 allotments of "second priority class" to be diverted through Diversions 202 to  
30 218, inclusive, set forth in said Schedule 7, all allotments of "second  
31 priority class" to be diverted through Diversions 224 to 233, inclusive, set

1 forth in said Schedule 10, and all allotments hereinafter provided in paragraphs  
2 32, 34, 35, 37, 38, 40, 48, 49, and 70 to 79, inclusive, respectively to  
3 Sam Bonta, A. D. Maddalena, Louis A. Laffranchini and Jennie F. Laffranchini,  
4 Elsie Herz Golden, Mauricilio Giudici and Julie Giudici, J. S. Rees, John  
5 Caccini, Anna B. Miller, Fred P. Alpers and Christina Alpers, Marie Mattarolo  
6 and E. V. Mattarolo, Frank Carmichael, Veste Nelson, Giacomo Falchi and  
7 M. Falchi, Westover Co., Westover Co., John Amodei and Anna Amodei and A. E.  
8 Strang, and A. E. Strang shall be for continuous usage without regard to season;  
9 the allotment hereinafter provided in paragraph 33 to Sam Bonta shall be for  
10 continuous usage during the season from April 10 to April 20, both dates  
11 inclusive, of each and every year; the allotment hereinafter provided in para-  
12 graph 36 to L. D. Maddalena shall be for continuous usage during the season  
13 from April 21 of each and every year to April 9 of the succeeding year, both  
14 dates inclusive; all allotments set forth in Schedules 3, 4 and 5, all allot-  
15 ments of "second priority class", except those to be diverted through Diversions  
16 92, 93, 111 and 112, set forth in said Schedule 6, all allotments of third,  
17 fourth and fifth priority classes set forth in said Schedule 6, all allotments  
18 of "second priority class", except those to be diverted through Diversions 202  
19 to 218, inclusive, set forth in said Schedule 7, all allotments of third,  
20 fourth and fifth priority classes set forth in said Schedule 7, all allotments  
21 of second and third priority classes set forth in said Schedule 8, all allot-  
22 ments set forth in Schedule 9 hereof, all allotments of "second priority class",  
23 except those to be diverted through Diversions 224 to 233, inclusive, set  
24 forth in said Schedule 10, all allotments of third, fourth, fifth and sixth  
25 priority classes set forth in said Schedule 10, and the allotments hereinafter  
26 provided in paragraphs 39, 50, 51, 58, 59, 60, 63, 68, 69, 82, and 83  
27 respectively to Fred P. Giudici and Myrtle W. Giudici, Leon F. Dotta and  
28 Raffaele Dotta, Odo Grandi, F. E. Humphrey, Jr., Henry Albin and James L.  
29 Humphrey, James L. Humphrey, F. E. Humphrey, Jr., Isolina Pasquetti, Caesar P.  
30 Lombardi, Julius Filippini and Perpetua Genasci, Anna B. Miller and Westover  
31 Co. shall be for continuous usage during the season from March 15 to September

1 30, both dates inclusive, of each and every year; and all rights hereinafter  
2 provided in "surplus class" for the storage of the waters of the Middle Fork  
3 of Feather River and its tributaries shall be for diversion to storage at any  
4 season of each year whenever there is a surplus, if any, over and above the  
5 quantity required to fully supply all rights to divert and directly apply water  
6 to beneficial use as hereinbefore set forth in this paragraph.

7  
8 Definition of Water Rights in Last Chance Creek Group

9 31. Said Last Chance Creek Group, as hereinbefore designated in  
10 paragraph 27, comprises rights of "special class", "interrelated" rights here-  
11 inafter set forth in Schedules 3, 4 and 5, and one right in "surplus class."  
12 Said "special class" embraces nine rights hereinafter defined in paragraphs  
13 32 to 40, inclusive, which are independent of each other, but are superior  
14 in priority and in right to all other rights in said Last Chance Creek Group.

15 32. SAM BONTA is entitled to divert as a right in said "special  
16 class" from the natural flow of Bonta Creek at a point designated on said  
17 D.W.R. Map as Diversion 270, described in Schedule 2 hereof, through the Bonta  
18 Creek Ditches,

19 3.15 cubic feet per second,

20 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
21 watering and irrigation purposes, or as much of said amount of water as is  
22 directly applied to beneficial use for said purposes on his lands hereinafter  
23 described under his name in Schedule 1.

24 33. SAM BONTA is entitled to divert as a right in said "special  
25 class" from the natural flow of Bonta East Creek at a point designated on said  
26 D.W.R. Map as Diversion 271, described in Schedule 2 hereof, through the  
27 Bonta East Ditch,

28 0.37 cubic foot per second,

29 during the season hereinbefore stated in paragraph 30, for stock-watering and  
30 irrigation purposes, or as much of said amount of water as is directly applied  
31 to beneficial use for said purposes on his lands hereinafter described under

1 his name in Schedule 1.

2 34. A. D. MADDALENA is entitled to divert as a right in said  
3 "special class" from the natural flow of Bonta Creek, if any, flowing into  
4 the NW $\frac{1}{4}$  NE $\frac{1}{4}$  Section 29, T. 23 N., R. 15 E., M.D.B.& M., at a point designated  
5 on said D.W.R. Map as Diversion 269, described in Schedule 2 hereof, through  
6 the A. D. Maddalena Pasture Ditches,

7 0.52 cubic foot per second,

8 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
9 watering and irrigation purposes, or as much of said amount of water as is  
10 directly applied to beneficial use for said purposes on his lands hereinafter  
11 described under his name in Schedule 1.

12 35. L. D. MADDALENA is entitled to divert as a right in said  
13 "special class" from the natural and developed flow of L. D. Maddalena Spring  
14 at a point which bears approximately S. 67° W. approximately 2300 feet distant  
15 from the northeast corner of Section 15, T. 23 N., R. 15 E., M.D.B.& M.,  
16 through the L. D. Maddalena Spring pipe line, as shown on said D.W.R. map,

17 0.015 cubic foot per second,

18 during the season hereinbefore stated in paragraph 30, for domestic and stock-  
19 watering purposes, or as much of said amount of water as is directly applied to  
20 beneficial use for said purposes on his lands hereinafter described under his  
21 name in Schedule 1.

22 36. L. D. MADDALENA is entitled to divert as a right in said  
23 "special class" from the natural flow of Bonta East Creek at a point designated  
24 on said D.W.R. Map as Diversion 272, described in Schedule 2 hereof, through  
25 the L. D. Maddalena Pasture Ditch,

26 0.47 cubic foot per second,

27 during the season hereinbefore stated in paragraph 30, for stock-watering and  
28 irrigation purposes, or as much of said amount of water as is directly applied  
29 to beneficial use for said purposes on his lands hereinafter described under  
30 his name in Schedule 1.

31

1           37. LOUIS A. LAFFRANCHINI, also known as L. A. Laffranchini, and  
2 JENNIE F. LAFFRANCHINI, collectively, are entitled to divert as a right in said  
3 "special class" from the natural flow of Laffranchini Creek at a point designated  
4 on said D.W.R. Map as Diversion 273, described in Schedule 2 hereof, through the  
5 Laffranchini Creek Ditches,

6                               3.20 cubic feet per second,

7 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
8 watering and irrigation purposes, or as much of said amount of water as is  
9 directly applied to beneficial use for said purposes on their lands herein-  
10 after described under their names in Schedule 1.

11           38. ELSIE HERZ GOLDEN is entitled to divert as a right in said  
12 "special class" from the natural flow of Trosi Canyon and its tributaries at  
13 points designated on said D.W.R. Map as Diversions 274 and 275, described in  
14 Schedule 2 hereof, through the Trosi West Canyon, Trosi Middle Canyon and  
15 Trosi East Canyon Ditches,

16                               2.25 cubic feet per second,

17 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
18 watering and irrigation purposes, or as much of said amount of water as is  
19 directly applied to beneficial use for said purposes on her lands hereinafter  
20 described under her name in Schedule 1.

21           39. FRED P. GIUDICI AND MYRTLE W. GIUDICI, collectively, are  
22 entitled to divert as a right in said "special class" from the natural flow of  
23 Last Chance Creek at points designated on said D.W.R. Map as Diversions 21 and  
24 22, described in Schedule 2 hereof, through the F. P. Giudici Upper and F. P.  
25 Giudici Lower Ditches,

26                               3.50 cubic feet per second,

27 during the season hereinbefore stated in paragraph 30, for utilization as a  
28 vehicle for diversion to maintain the storage back of the diversion dams at  
29 said Diversions 21 and 22 and to compensate for transportation losses below  
30 the point of measurement hereinbefore specified in Paragraph 28 in said  
31 ditches, said water so diverted to be returned to said Last Chance Creek,

1 except such quantity as is necessarily consumed for said purposes.

2 40. MAURICILIO GIUDICI and JULIE GIUDICI, collectively, are entitled  
3 as a right in said "special class" to receive upon their lands, hereinafter  
4 described under their names in Schedule 1, all drainage naturally tributary  
5 thereto from the Home Ranch lands described under the names of Fred P. Giudici  
6 and Myrtle W. Giudici in said Schedule 1, said drainage so received to be used  
7 as a supplemental supply for stock-watering and irrigation purposes on said  
8 lands of Mauricilio Giudici and Julie Giudici during the season hereinbefore  
9 stated in paragraph 30.

10 41. Said "interrelated" rights embrace rights of "first priority  
11 class" and "second priority class" set forth in Schedule 3 hereof, rights of  
12 "first priority class", "second priority class", "third priority class",  
13 "fourth priority class", and "fifth priority class" set forth in Schedule 4  
14 hereof, and rights of "first priority class", "second priority class", and  
15 "third priority class" set forth in Schedule 5 hereof. All rights set forth  
16 in said Schedule 3 are superior in priority and in right to all rights set  
17 forth in said Schedules 4 and 5. All rights set forth in said Schedule 4  
18 are superior in priority and in right to all rights set forth in said Schedule 5.

19 42. Subject to the foregoing rights, the various claimants  
20 enumerated in Schedule 3 hereof are entitled to rights of "first priority  
21 class" and "second priority class", as hereinbefore designated in paragraph 41,  
22 in and to the use of the natural flow of Last Chance Creek and its tributaries  
23 above Adams Neck, during the season hereinbefore stated in paragraph 30, for  
24 domestic, stock-watering and irrigation purposes upon their respective lands  
25 as shown on said D.W.R. Map and as described under their respective names in  
26 Schedule 1 hereof, in accordance with the acreages to be supplied, priorities  
27 and quantities of water allotted, and through the diversions numbered and named  
28 as set forth in said Schedule 3. Said rights in "first priority class" are  
29 equal in priority and correlative in right, are subject and inferior to the  
30 rights in "special class", hereinbefore set forth in paragraphs 32 to 40,  
31 inclusive, but are superior in priority and in right to all other rights in

1 said Last Chance Creek Group, and at all times when the available water supply  
2 is inadequate to supply all of said rights in "first priority class", then  
3 during the continuance of such shortage, the owners of such rights shall prorate  
4 the available water supply, if any, in excess of the quantity required to  
5 supply said rights in "special class", in accordance with their respective  
6 allotments in said "first priority class" as set forth in said Schedule 3.  
7 Said "second priority class" contains only one right, which is inferior and  
8 subject to all of said rights in "special class" and "first priority class",  
9 but is superior in priority and in right to all other rights in said Last  
10 Chance Creek Group; provided, however, not more than 1.15 cubic feet per second  
11 of the quantity of water allotted to C. C. Rowland and Ida May Rowland is to  
12 be used outside the watershed of the Middle Fork of Feather River and its  
13 tributaries; and provided further, no diversion shall be made for general  
14 irrigation purposes under the rights hereinbefore provided in this paragraph  
15 unless stock-water is available in the branch channels of said Last Chance  
16 Creek down to the east boundary of Section 27, T. 23 N., R. 16 E., M.D.B.& M.

17 43. Subject to the foregoing rights, the various claimants  
18 enumerated in Schedule 4 hereof are entitled to rights of "first priority  
19 class", "second priority class", "third priority class", "fourth priority  
20 class", and "fifth priority class", as hereinbefore designated in paragraph 41,  
21 in and to the use of the natural flow of Last Chance Creek and its tributaries  
22 below Frenchman Creek, during the season hereinbefore stated in paragraph 30,  
23 for domestic, stock-watering and irrigation purposes upon their respective  
24 lands as shown on said D.W.R. Map and as described under their respective  
25 names in Schedule 1 hereof, in accordance with the acreages to be supplied,  
26 priorities and quantities of water allotted, and through the diversions  
27 numbered and named as set forth in said Schedule 4. Said rights in "first  
28 priority class" are equal in priority and correlative in right, are subject  
29 and inferior to the rights in "special class" and to all rights in Schedule 3  
30 hereof, hereinbefore set forth in paragraphs 32 to 42, inclusive, but are  
31 superior in priority and in right to all other rights in said Last Chance

1 Creek Group, and at all times when the available water supply is inadequate to  
2 supply all of said rights in "first priority class" then during the continuance  
3 of such shortage, the owners of such rights shall prorate the available water  
4 supply, if any, in excess of the quantity required to supply said prior rights,  
5 in accordance with their respective allotments in said "first priority class"  
6 as set forth in said Schedule 4. Said rights in "second priority class" are  
7 equal in priority and correlative in right, are subject and inferior to said  
8 rights in "special class", Schedule 3 and "first priority class", but are  
9 superior in priority and in right to all other rights in said Last Chance  
10 Creek Group, and at all times when the available water supply is inadequate to  
11 supply all of said rights in "second priority class", then during the contin-  
12 uance of such shortage, the owners of such rights shall prorate the available  
13 water supply, if any, in excess of the quantity required to supply said prior  
14 rights, in accordance with their respective allotments in said "second priority  
15 class" as set forth in said Schedule 4. Said rights in "third priority class"  
16 are equal in priority and correlative in right, are subject and inferior to  
17 said rights in "special class", Schedule 3, "first priority class" and "second  
18 priority class", but are superior in priority and in right to all other rights  
19 in said Last Chance Creek Group, and at all times when the available water  
20 supply is inadequate to supply all of said rights in "third priority class",  
21 then during the continuance of such shortage, the owners of such rights shall  
22 prorate the available water supply, if any, in excess of the quantity required  
23 to supply said prior rights, in accordance with their respective allotments in  
24 said "third priority class" as set forth in said Schedule 4. Said rights in  
25 "fourth priority class" are equal in priority and correlative in right, are  
26 subject and inferior to said rights in "special class", Schedule 3, "first  
27 priority class", "second priority class" and "third priority class", but are  
28 superior in priority and in right to all other rights in said Last Chance Creek  
29 Group, and at all times when the available water supply is inadequate to supply  
30 all of said rights in "fourth priority class", then during the continuance of  
31 such shortage, the owners of such rights shall prorate the available water supply,

1 if any, in excess of the quantity required to supply said prior rights, in  
2 accordance with their respective allotments in said "fourth priority class"  
3 as set forth in said Schedule 4. Said rights in "fifth priority class" are  
4 equal in priority and correlative in right, are subject and inferior to said  
5 rights in "special class", Schedule 3, "first priority class", "second priority  
6 class", "third priority class" and "fourth priority class", but are superior  
7 in priority and in right to all other rights in said Last Chance Creek Group,  
8 and at all times when the available water supply is inadequate to supply all  
9 of said rights in "fifth priority class", then during the continuance of such  
10 shortage, the owners of such rights shall prorate the available water supply,  
11 if any, in excess of the quantity required to supply said prior rights, in  
12 accordance with their respective allotments in said "fifth priority class" as  
13 set forth in said Schedule 4, except as otherwise hereinafter provided in this  
14 paragraph; provided, however, Bernard E. Giudici and Rudolph E. Giudici shall  
15 not be entitled to divert any water under their allotment set forth in said  
16 Schedule 4 whenever the flow in the East Channel of Last Chance Creek is equal  
17 to or less than 11.15 cubic feet per second measured below the Laffranchini  
18 East Channel Division designated on said D.W.R. Map as Diversion 66, as herein-  
19 after described in Schedule 2; provided further, no diversion shall be made for  
20 general irrigation purposes under the rights hereinbefore provided in this  
21 paragraph unless stock-water is available in the branch channels of said Last  
22 Chance Creek down to the east boundary of Section 27, T. 23 N., R. 16 E.,  
23 M.D.B. & M.; provided further, Edmund J. Goble and Ida C. Goble are entitled to  
24 maintain a rediversion dam within the SE $\frac{1}{4}$  SE $\frac{1}{4}$  Section 32, T. 23 N., R. 16 E.,  
25 M.D.B. & M., in order to deliver their allotments diverted through Diversions 57  
26 and 58 as set forth in said Schedule 4; and provided further, the use of the  
27 Huntley Upper North Channel (Diversion 40) by Josephine Roberti, C. D.  
28 Laffranchini and L. A. Laffranchini is subject to the control thereof by  
29 Jennie F. Huntley.

30 44. Subject to the foregoing rights, the various claimants  
31 enumerated in Schedule 5 hereof are entitled to rights of "first priority

1 class", "second priority class" and "third priority class", as hereinbefore  
2 designated in paragraph 41, in and to the use of the natural flow of Last  
3 Chance Creek below Adams Neck, during the seasons hereinbefore stated in  
4 paragraph 30, for domestic, stock-watering and irrigation purposes upon their  
5 respective lands as shown on said D.W.R. Map and as described under their  
6 respective names in Schedule 1 hereof, in accordance with the acreages to be  
7 supplied, priorities and quantities of water allotted, and through the  
8 diversions numbered and named as set forth in said Schedule 5. Said rights in  
9 "first priority class" are equal in priority and correlative in right, are  
10 subject and inferior to the rights in "special class" and to all rights in  
11 Schedules 3 and 4 hereof, hereinbefore set forth in paragraphs 32 to 43,  
12 inclusive, but are superior in priority and in right to all other rights in  
13 said Last Chance Creek Group, and at all times when the available water supply  
14 is inadequate to supply all of said rights in "first priority class", then  
15 during the continuance of such shortage, the owners of such rights shall pro-  
16 rate the available water supply, if any, in excess of the quantity required to  
17 supply said prior rights, in accordance with their respective allotments in  
18 said "first priority class" as set forth in said Schedule 5. Said rights in  
19 "second priority class" are equal in priority and correlative in right, are  
20 subject and inferior to said rights in "special class", Schedules 3 and 4 and  
21 "first priority class", but are superior in priority and in right to all other  
22 rights in said Last Chance Creek Group, and at all times when the available  
23 water supply is inadequate to supply all of said rights in "second priority  
24 class", then during the continuance of such shortage, the owners of such rights  
25 shall prorate the available water supply, if any, in excess of the quantity  
26 required to supply said prior rights, in accordance with their respective  
27 allotments in said "second priority class" as set forth in said Schedule 5.  
28 Said rights in "third priority class" are equal in priority and correlative in  
29 right, are subject and inferior to said rights in "special class", Schedules 3  
30 and 4, "first priority class" and "second priority class", but are superior in  
31 priority and in right to the right hereinafter defined in paragraph 46, and at  
all times when the available water supply is inadequate to supply all of said

1 rights in "third priority class", then during the continuance of such shortage,  
2 the owners of such rights shall prorate the available water supply, if any, in  
3 excess of the quantity required to supply said prior rights, in accordance with  
4 their respective allotments in said "third priority class" as set forth in said  
5 Schedule 5; provided however, any water diverted under the allotment of 3.50  
6 cubic feet per second in "third priority class" set forth in said Schedule 5  
7 through Diversions 67 and 73, described in said Schedule 2, shall be deducted  
8 from the allotments for a total area of 971.9 acres included in Schedule 6  
9 hereof served by Diversions 107, 108, 109, 118 and 119 from Smithneck Creek  
10 as hereinafter provided in paragraph 52.

11 45. No direct diversion shall be made of the waters of Last Chance  
12 Creek and its tributaries under the rights hereinbefore provided in paragraphs  
13 42, 43 and 44 outside of the season of diversion hereinbefore stated therefor  
14 in paragraph 30, but all waters of said Last Chance Creek and its tributaries,  
15 over and above the allotments to said rights in "special class" hereinbefore  
16 set forth in paragraphs 32 to 38, inclusive, shall be allowed to flow unob-  
17 structed down the channel of said Last Chance Creek to the channel division  
18 in the NW $\frac{1}{4}$  NW $\frac{1}{4}$  of Section 26, T. 23 N., R. 16 E., M.D.B. & M., during the period  
19 from October 1 of each and every year to March 14 of the succeeding year, both  
20 dates inclusive, and said flow shall be equally divided at the point of said  
21 channel division between the North Channel and East Channel of said creek for  
22 stock-watering purposes in said branch channels and for diversion from said  
23 East Channel to storage as hereinafter provided in paragraph 46.

24 46. Subject to the foregoing rights, AMELIA D. RAMELLI, LOUISA  
25 SCOLARI, IDA A. SCOLARI, CELIA D. FALLON, P. R. SCOLARI, R. A. SCOLARI, OLIVIA  
26 R. ROBERTI and LYDIA H. WESTOVER, and JAMES L. HUMPHREY are entitled to divert  
27 as said right in "surplus class" from the natural flow of the East Channel of  
28 Last Chance Creek at a point designated on said D.W.R. Map as Diversion 70,  
29 described in Schedule 2 hereof, through the Roberti Lower Channel for storage

or as much of said amounts of water as are impounded in said Last Chance Lake, situated in the NE $\frac{1}{4}$ , W $\frac{1}{2}$  and SW $\frac{1}{4}$  SE $\frac{1}{4}$  Section 9 and the NE $\frac{1}{4}$  NW $\frac{1}{4}$  and NW $\frac{1}{4}$  NE $\frac{1}{4}$  Section 16, all in T. 22 N., R. 15 E., M.D.B.& M., and applied to beneficial use for domestic, stock-watering and irrigation purposes on the inundated lands within said Last Chance Lake as hereinafter described under their respective names in Schedule 1.

Definition of Water Rights in Smithneck Creek Group

47. Said Smithneck Creek Group, as hereinbefore designated in paragraph 27, comprises rights of "special class", "first priority class", "second priority class", "third priority class", "fourth priority class", "fifth priority class", and "surplus class". Said "special class" embraces four rights hereinafter defined in paragraphs 48 to 51, inclusive, which are superior in priority and in right to all other rights in said Smithneck Creek Group; and the relative priorities of such rights in "special class" are as hereinafter set forth in paragraphs 48 to 51, inclusive.

48. J. S. REES and JOHN CACCINI, collectively, are entitled to divert as a right in said "special class", from the natural flow of Staverville Creek at a point designated on said D.W.R. Map as Diversion 74, described in Schedule 2 hereof, through the Parker (Grey) Ditch,

0.50 cubic foot per second, during the season hereinbefore stated in paragraph 30, or as much of said amount of water as is directly applied to beneficial use, for domestic and stock-watering purposes. Said J. S. Rees is entitled to use said water in the W $\frac{1}{2}$  SW $\frac{1}{4}$  Section 8, T. 21 N., R. 16 E., M.D.B.& M., without obstructing the flow of water in said ditch, and said John Caccini is entitled to receive said water in the NE $\frac{1}{4}$  SE $\frac{1}{4}$  Section 7 of said township and range whenever such unobstructed

1 flow in said ditch will reach said land; and the right set forth in this para-  
2 graph is independent of the right hereinafter set forth in paragraph 51, but is  
3 superior in priority and in right to all other rights in said Smithneck Creek  
4 Group.

5 49. JOHN CACCINI is entitled to divert as a right in said "special  
6 class", from the natural flow of Staverville Creek at a point designated on said  
7 D.W.R. Map as Diversion 75, described in Schedule 2 hereof, through the Caccini  
8 Ditches,

9 1.15 cubic feet per second, *year around*

10 during the season hereinbefore stated in paragraph 50, for domestic, stock-  
11 watering and irrigation purposes, or as much of said amount of water as is  
12 directly applied to beneficial use for said purposes on the lands hereinafter  
13 described under his name in Schedule 1; and the right set forth in this para-  
14 graph is inferior and subject to the right hereinbefore set forth in paragraph  
15 48, is independent of the right hereinafter set forth in paragraph 51, but is  
16 superior in priority and in right to all other rights in said Smithneck Creek  
17 Group.

18 50. LEON F. DOTTA and RAFFAELE DOTTA, collectively, are entitled to  
19 divert as a right in said "special class" from the natural flow of Staverville  
20 Creek, if any, flowing into the SW $\frac{1}{4}$  SE $\frac{1}{4}$  Section 7, T. 21 N., R. 16 E.,  
21 M.D.B.& M., at a point designated on said D.W.R. Map as Diversion 76, described  
22 in Schedule 2 hereof, through the Lower Staverville Channel,

23 0.80 cubic foot per second, *Mar 15 - Sept 30*

24 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
25 watering and irrigation purposes, or as much of said amount of water as is  
26 directly applied to beneficial use for said purposes on their lands hereinafter  
27 described under their respective names in Schedule 1, and at all times the  
28 water diverted under the right set forth in this paragraph shall be divided  
29 7/16ths to said Leon F. Dotta and 9/16ths to said Raffaele Dotta; and the  
30 right set forth in this paragraph is inferior and subject to the rights herein-  
31 before set forth in paragraphs 48 and 49, is independent of the right herein-  
after set forth in paragraph 51, but is superior in priority and in right to  
all other rights in said Smithneck Creek Group.

1           51. ODO GRANDI is entitled to divert as a right in said "special  
2 class", from the natural flow of Graveyard Creek at a point which bears  
3 approximately S 5° W, approximately 1300 feet distant from the North quarter  
4 corner of Section 13, T. 21 N., R. 15 E., M.D.B. & M., through the Grandi Ditch,  
5                                   0.50 cubic foot per second, *Nov 15 - Sept 30*  
6 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
7 watering and irrigation purposes, or as much of said amount of water as is  
8 directly applied to beneficial use for said purposes on the lands hereinafter  
9 described under his name in Schedule 1; and the right set forth in this para-  
10 graph is independent of the rights hereinbefore set forth in paragraphs 48,  
11 49 and 50, but is superior in priority and in right to all other rights in  
12 said Smithneck Creek Group.

13           52. Subject to the rights hereinbefore defined in paragraphs 48, 49,  
14 50 and 51, the various claimants enumerated in Schedule 6 hereof are entitled  
15 to said rights in "first priority class", "second priority class", "third  
16 priority class", "fourth priority class" and "fifth priority class", in and to  
17 the use of the natural flow of Smithneck Creek and its tributaries, during the  
18 seasons hereinbefore stated in paragraph 30, for domestic, stock-watering, and  
19 irrigation purposes upon their respective lands as shown on said D.W.R. Map and  
20 as described under their respective names in Schedule 1 hereof, in accordance  
21 with the acreages to be supplied, priorities and quantities of water allotted  
22 and through the diversions numbered and named as set forth in said Schedule 6.  
23 Said rights in "first priority class" are equal in priority and correlative in  
24 right, are subject and inferior to the rights in "special class" hereinbefore  
25 set forth in paragraphs 48 to 51, inclusive, but are superior in priority and  
26 in right to all other rights in said Smithneck Creek Group, and at all times  
27 when the available water supply is inadequate to supply all of said rights in  
28 "first priority class", then during the continuance of such shortage, the  
29 owners of such rights shall prorate the available water supply, if any, in  
30 excess of the quantity required to supply said rights in "special class", in  
31 accordance with their respective allotments in said "first priority class" as

1 set forth in said Schedule 6. Said rights in "second priority class" are  
2 equal in priority and correlative in right, are subject and inferior to said  
3 rights in "special class" and "first priority class", but are superior in  
4 priority and in right to all other rights in said Smithneck Creek Group, and  
5 at all times when the available water supply is inadequate to supply all of  
6 said rights in "second priority class", then during the continuance of such  
7 shortage, the owners of such rights shall prorate the available water supply,  
8 if any, in excess of the quantity required to supply said prior rights, in  
9 accordance with their respective allotments in said "second priority class" as  
10 set forth in said Schedule 6 except as otherwise hereinafter provided in this  
11 paragraph. Said rights in "third priority class" are equal in priority and  
12 correlative in right, are subject and inferior to said rights in "special  
13 class", "first priority class" and "second priority class", but are superior  
14 in priority and in right to all other rights in said Smithneck Creek Group,  
15 and at all times when the available water supply is inadequate to supply all  
16 of said rights in "third priority class", then during the continuance of such  
17 shortage, the owners of such rights shall prorate the available water supply,  
18 if any, in excess of the quantity required to supply said prior rights, in  
19 accordance with their respective allotments in said "third priority class" as  
20 set forth in said Schedule 6 except as otherwise hereinafter provided in this  
21 paragraph. Said rights in "fourth priority class" are equal in priority and  
22 correlative in right, are subject and inferior to said rights in "special class",  
23 "first priority class", "second priority class" and "third priority class",  
24 but are superior in priority and in right to all other rights in said Smith-  
25 neck Creek Group, and at all times when the available water supply is inadequate  
26 to supply all of said rights in "fourth priority class", then during the  
27 continuance of such shortage, the owners of such rights shall prorate the avail-  
28 able water supply, if any, in excess of the quantity required to supply said  
29 prior rights, in accordance with their respective allotments in said "fourth  
30 priority class" as set forth in said Schedule 6 except as otherwise hereinafter  
31 provided in this paragraph. Said rights in "fifth priority class" are equal

1 in priority and correlative in right, are inferior and subject to said rights  
2 in "special class", "first priority class", "second priority class", "third  
3 priority class" and "fourth priority class", but are superior in priority  
4 and in right to all other rights in said Smithneck Creek Group, and at all  
5 times when the available water supply is inadequate to supply all of said rights  
6 in "fifth priority class", then during the continuance of such shortage, the  
7 owners of such rights shall prorate the available water supply, if any, in  
8 excess of the quantity required to supply said prior rights, in accordance  
9 with their respective allotments in said "fifth priority class" as set forth  
10 in said Schedule 6 except as otherwise hereinafter provided in this paragraph;  
11 provided, however, water may be diverted for a total area of 971.9 acres  
12 included in said Schedule 6 served by Diversions 107, 108, 109, 118 and 119,  
13 described in Schedule 2 hereof, from Last Chance Creek below Adams Neck as  
14 herein set forth in paragraph 44 and Schedule 5 through Diversions 67 and 73,  
15 described in said Schedule 2, in lieu of a corresponding quantity from said  
16 Smithneck Creek; provided further, Clover Valley Lumber Company is entitled  
17 to use all or any portion of its allotments set forth in said Schedule 6 for  
18 industrial purposes on the lands hereinafter described under its name in  
19 Schedule 1 and for municipal purposes in the Town of Loyalton; provided further,  
20 at all times when the total flow in the West Branch of Smithneck Creek at  
21 Diversion 111, described in said Schedule 2, is equal to or less than 1.00  
22 cubic foot per second, Attilio R. Genasci and Louis Genasci are entitled to  
23 divert and use said total flow reaching said point on the lands hereinafter  
24 described under their names in said Schedule 1; provided further, at all times  
25 when the total flow in the Middle Branch of Smithneck Creek measured at Diver-  
26 sion 102, described in said Schedule 2, is equal to or less than 1.50 cubic  
27 feet per second, Julio Genasci and Angie Genasci are entitled to divert and  
28 use said total flow reaching said point on that portion of the lands hereinafter  
29 described under their names in Schedule 1, lying in the S $\frac{1}{2}$  Section 2, T. 21 N.,  
30 R. 15 E., M.D.E. & M; provided further, at all times when the total flow in the  
31 East Branch of Smithneck Creek measured at Diversion 96, described in said

1 Schedule 2, is equal to or less than 1.00 cubic foot per second, Albert C.  
2 Dotta and Caesar Dotta are entitled to divert and use said total flow reaching  
3 said point on that portion of the lands hereinafter described under their names  
4 in Schedule 1, lying in the N $\frac{1}{2}$  Section 2, T. 21 N., R. 15 E., M.D.B.& M., and  
5 the S $\frac{1}{2}$  Section 35, T. 22 N., R. 15 E., M.D.B.& M; provided further, the  
6 allotment in "second priority class" set forth in said Schedule 6 for Leon F.  
7 Dotta shall be supplied from drainage from the lands of Alice Giudici, Frances  
8 Giudici and Stephen Giudici insofar as said drainage is available and the  
9 deficiency, if any, in said drainage, below 0.50 cubic foot per second, shall  
10 be supplied by diversion from the East Branch of Smithneck Creek through  
11 Diversion 92, described in said Schedule 2; provided further, all waters of  
12 Smithneck Creek available for rights in "second priority class", "third  
13 priority class", "fourth priority class" and "fifth priority class" set forth  
14 in said Schedule 6 below Diversion 89, described in said Schedule 2, shall be  
15 divided in the NE $\frac{1}{4}$  NW $\frac{1}{4}$  Section 13, T. 21 N., R. 15 E., M.D.B.& M., one-third  
16 part into the West Branch of said creek and the remainder on down the main  
17 channel, and that portion of said waters flowing on down said main channel and  
18 reaching the heads of the Middle and East Branches thereof in the SW $\frac{1}{4}$  SW $\frac{1}{4}$   
19 Section 12 of said township and range, shall be divided equally between said  
20 Middle Branch and East Branch, except at all times when the total flow of said  
21 Smithneck Creek available for all rights in "second priority class", as set  
22 forth in said Schedule 6; is equal to or less than 0.40 cubic foot per second,  
23 Max Dory and May Dory are entitled to divert and use two-thirds of said total  
24 flow available for rights in "second priority class" on the lands hereinafter  
25 described under their names in Schedule 1 and the remaining one-third shall be  
26 allowed to flow down the East Branch of Smithneck Creek for stock-watering  
27 purposes; provided further, J. S. Rees is entitled to divert all or any portion  
28 of his allotment of 1.30 cubic feet per second in first priority class to the  
29 Lewis Bros. East Ditch, as set forth in said Schedule 6, from the natural flow  
30 of Cobb Spring in lieu of the diversion of a corresponding quantity of water  
31 from said Smithneck Creek; provided further, not more than one-half of the

1 water flowing in the West Branch of Smithneck Creek immediately above the  
2 Ramelli Division (Diversion 114) shall at any time be diverted through said  
3 Ramelli Division and no water shall be diverted through the Ramelli Flood  
4 Litch (Diversion 113) when the total flow at said Diversion 113 is less than  
5 10.0 cubic feet per second; and provided further, the allotments to Julio  
6 Genasci and Angie Genasci through Diversions 102 and 103, as set forth in said  
7 Schedule 6, shall be subject to the provisions of an agreement entered into on  
8 March 4, 1931, and recorded on March 11, 1931 in Liber H. of Contracts and  
9 Agreements, page 444, Records of Sierra County.

10 53. Said "surplus class" embraces rights to store waters of Smith-  
11 neck Creek and its tributaries in three reservoirs; said rights in "surplus  
12 class" are inferior and subject to all other rights in said Smithneck Creek  
13 Group, as hereinbefore set forth in paragraphs 43 to 52, inclusive; and the  
14 relative priorities of said rights in "surplus class" are as hereinafter set  
15 forth in paragraphs 54, 55 and 56.

16 54. CHARLES W. EDE and M. B. HUMPHREY are entitled to divert as a  
17 right in said "surplus class" from the natural flow of Smithneck Creek at a  
18 point designated on said D.W.R. Map as Diversion 118, described in Schedule 2  
19 hereof, for storage in Ede Lake in the amounts set forth after their respective  
20 names as follows:

21 Charles W. Ede - 70 acre-feet per annum,  
22 M. B. Humphrey - 70 acre-feet per annum,

23 or as much of said amounts of water as are impounded in said Ede Lake, situated  
24 in the E $\frac{1}{2}$  SE $\frac{1}{4}$  Section 20, the SW $\frac{1}{4}$  SW $\frac{1}{4}$  Section 21, the NW $\frac{1}{4}$  and NW $\frac{1}{4}$  SW $\frac{1}{4}$  Section  
25 23, and the NE $\frac{1}{4}$  NE $\frac{1}{4}$  Section 29, all in T. 22 N., R. 15 E., M.D.B.& M., and  
26 applied to beneficial use for domestic, stock-watering and irrigation purposes  
27 on the inundated lands within said Ede Lake as hereinafter described under  
28 their respective names in Schedule 1; and the right set forth in this paragraph  
29 is subject and inferior to all rights in said Smithneck Creek Group as herein-  
30 before defined, but is superior in priority and in right to the rights herein-  
31 after defined in paragraphs 55 and 56.

1           55. CLOVER VALLEY LUMBER COMPANY is entitled to divert as a right in  
2 said "surplus class" from the natural flow of Smithneck Creek at a point  
3 designated on said D.W.R. Map as Diversion 39, described in Schedule 2 hereof,  
4 for storage in the Mill Pond,

5                           50 acre-feet per annum,

6 to be used for industrial purposes, or as much of said amount of water as is  
7 impounded in said Mill Pond, situated in the E $\frac{1}{2}$  SE $\frac{1}{4}$  Section 13, T. 21 N., R.  
8 15 E., M.D.B.& M., and the W $\frac{1}{2}$  SW $\frac{1}{4}$  Section 18, T. 21 N., R. 16 E., M.D.B.& M.  
9 and applied to beneficial use for said purposes within said Mill Pond; and  
10 the right set forth in this paragraph is subject and inferior to all rights in  
11 said Smithneck Creek Group as hereinbefore defined, but is superior in priority  
12 and in right to the right hereinafter defined in paragraph 56.

13           56. J. S. REES is entitled to divert as a right in said "surplus  
14 class" from the natural flow of Smithneck Creek at a point designated on said  
15 D.W.R. Map as Diversion 37, described in Schedule 2 hereof, through the Lewis  
16 Bros. East Ditch for storage in the Lewis (Rees) Reservoir,

17                           50 acre-feet per annum,

18 to be used for domestic and stock-watering and irrigation purposes, or as much  
19 of said amount of water as is impounded in said Lewis (Rees) Reservoir,  
20 situated in the SE $\frac{1}{2}$  SW $\frac{1}{4}$  Section 7 and the NE $\frac{1}{4}$  NW $\frac{1}{4}$  Section 18, all in T. 21 N.,  
21 R. 16 E., M.D.B.& M., and thereafter withdrawn from said reservoir, during the  
22 period of January 1 to December 31, both dates inclusive, of each year and  
23 applied to beneficial use for said purposes on the lands hereinafter described  
24 under his name in Schedule 1; and the right set forth in this paragraph is  
25 inferior and subject to all rights hereinbefore defined in said Smithneck  
26 Creek Group.

27  
28  
29 Definition of Water Rights in West Side Canal Group

30           57. Said West Side Canal Group, as hereinbefore designated in  
31 paragraph 27, comprises rights of "special class", "first priority class",

1 "second priority class", "third priority class", "fourth priority class" and  
2 "fifth priority class". Said "special class" embraces three rights hereinafter  
3 defined in paragraphs 58, 59 and 60, which are superior in priority and in  
4 right to all other rights in said West Side Canal Group; and the relative  
5 priorities of said rights in "special class" are as hereinafter set forth in  
6 paragraphs 58 to 60, inclusive.

7 58. F. E. HUMPHREY, Jr., HENRY ALBINI, and JAMES L. HUMPHREY are  
8 entitled to divert as a right in said "special class", from the natural flow of  
9 Craycroft Creek at a point designated on said D.W.R. Map as Diversion 201,  
10 described in Schedule 2 hereof, through the Lower Craycroft Creek Diversion in  
11 the amounts set after their respective names as follows:

12 F. E. Humphrey, Jr. - *Russel* - 0.22 cubic foot per second  
13 Henry Albin - *Wilson Bros* - 0.18 cubic foot per second  
14 James L. Humphrey - *Carmichael* - 0.60 cubic foot per second,

15 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
16 watering and irrigation purposes, or as much of said amounts of water as are  
17 directly applied to beneficial use for said purposes on their Craycroft Creek  
18 lands hereinafter described under their respective names in Schedule 1, and at  
19 all times when the available/supply is inadequate to supply said amounts  
20 of water above set forth in this paragraph, then during the continuance of such  
21 shortage, said owners thereof shall prorate the available supply in accordance  
22 with their respective allotments above set forth in this paragraph after their  
23 respective names; and the right set forth in this paragraph is superior in  
24 priority and in right to all other rights in said West Side Canal Group.

25 59. JAMES L. HUMPHREY is entitled to divert as a right in said  
26 "special class" from the natural flow of Craycroft Creek, if any, in excess of  
27 3.00 cubic feet per second at a point designated on said D.W.R. Map as Diver-  
28 sion 201, described in Schedule 2 hereof, through the Lower Craycroft Creek  
29 Diversion,

30 0.20 cubic foot per second,

31 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
watering and irrigation purposes, or as much of said amount of water as is

1 directly applied to beneficial use for said purposes on his Craycroft Creek  
2 lands hereinafter described under his name in Schedule 1; and the right set  
3 forth in this paragraph is inferior and subject to the right set forth in  
4 paragraph 58, but is superior in priority and in right to all other rights in  
5 said West Side Canal Group.

6 60. F. E. HUMPHREY, Jr. is entitled to divert as a right in said  
7 "special class" from the natural flow of Craycroft Creek, if any, in excess of  
8 3.60 cubic feet per second, at a point designated on said D.W.R. Map as  
9 Diversion 201 A, through the Upper Craycroft Creek Diversion,

10 0.75 cubic foot per second,

11 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
12 watering and irrigation purposes, or as much of said amount of water as is  
13 directly applied to beneficial use for said purposes on his Craycroft Creek  
14 lands hereinafter described under his name in Schedule 1; and the right set  
15 forth in this paragraph is inferior and subject to the rights set forth in  
16 paragraphs 58 and 59, but is superior in priority and in right to all other  
17 rights in said West Side Canal Group.

18 61. Subject to the rights hereinbefore defined in paragraphs 58,  
19 59 and 60, the various claimants enumerated in Schedule 7 hereof are entitled  
20 to said rights in "first priority class", "second priority class", "third  
21 priority class", "fourth priority class", and "fifth priority class", in and  
22 to the use of the natural flow of West Side Canal and its tributaries - Hamlin,  
23 Miller and Turner Creeks, during the seasons hereinbefore stated in paragraph  
24 30, for domestic, stock-watering and irrigation purposes upon their respective  
25 lands as shown on said D.W.R. Map and as described under their respective names  
26 in Schedule 1 hereof, in accordance with the acreages to be supplied, priorities  
27 and quantities of water allotted, and through the diversions numbered and named  
28 as set forth in said Schedule 7. Said rights in "first priority class" are  
29 equal in priority and correlative in right, are subject and inferior to the  
30 rights in "special class" hereinbefore set forth in paragraphs 58, 59 and 60,  
31 but are superior in priority and in right to all other rights in said West Side

1 Canal Group, and at all times when the available water supply is inadequate  
2 to supply all of said rights in "first priority class", then during the  
3 continuance of such shortage, the owners of such rights shall prorate the  
4 available water supply, if any, in excess of the quantity required to supply  
5 said rights in "special class", in accordance with their respective allotments  
6 in said "first priority class" as set forth in said Schedule 7. Said rights  
7 in "second priority class" are equal in priority and correlative in right, are  
8 subject and inferior to said rights in "special class" and "first priority  
9 class", but are superior in priority and in right to all other rights in said  
10 West Side Canal Group, and at all times when the available water supply is  
11 inadequate to supply all of said rights in "second priority class", then during  
12 the continuance of such shortage, the owners of such rights shall prorate the  
13 available water supply, if any, in excess of the quantity required to supply  
14 said prior rights, in accordance with their respective allotments in said  
15 "second priority class" as set forth in said Schedule 7. Said rights in "third  
16 priority class" are equal in priority and correlative in right, are subject and  
17 inferior to said rights in "special class", "first priority class" and "second  
18 priority class", but are superior in priority and in right to all other rights  
19 in said West Side Canal Group, and at all times when the available water supply  
20 is inadequate to supply all of said rights in "third priority class", then  
21 during the continuance of such shortage, the owners of such rights shall pro-  
22 rate the available water supply, if any, in excess of the quantity required to  
23 supply said prior rights, in accordance with their respective allotments in  
24 said "third priority class" as set forth in said Schedule 7. Said rights in  
25 "fourth priority class" are equal in priority and correlative in right, are  
26 subject and inferior to said rights in "special class", "first priority class",  
27 "second priority class" and "third priority class", but are superior in  
28 priority and in right to all other rights in said West Side Canal Group, and at  
29 all times when the available water supply is inadequate to supply all of said  
30 rights in "fourth priority class", then during the continuance of such shortage  
31 the owners of such rights shall prorate the available water supply, if any.

1 in excess of the quantity required to supply said prior rights, in accordance  
2 with their respective allotments in said "fourth priority class" as set forth  
3 in said Schedule 7. Said rights in "fifth priority class" are equal in  
4 priority and correlative in right, are subject and inferior to all other rights  
5 in said West Side Canal Group, and at all times when the available water supply  
6 is inadequate to supply all of said rights in "fifth priority class", then  
7 during the continuance of such shortage, the owners of such rights shall pro-  
8 rate the available water supply, if any, in excess of the quantity required to  
9 supply all other rights in said West Side Canal Group, in accordance with their  
10 respective allotments in said "fifth priority class" as set forth in said Sched-  
11 ule 7; provided, however, the use of the H. Dotta North Channel (Diversion 161)  
12 by A. E. Strang is subject to the control thereof by Henry Dotta; provided  
13 further, the use of the Martinetti Spring Brook Ditch (Diversion 177) by  
14 J. H. Cavitt is subject and subordinate to the use of said diversion by  
15 Lelia R. Martinetti; provided further, the use of the Church Ditch (Diversion  
16 184) by J. H. Cavitt is subject and subordinate to the use of said diversion by  
17 Albert B. Church; provided further, the waters of Miller Creek reaching the  
18 SW $\frac{1}{2}$  NE $\frac{1}{2}$  of Section 9, T. 20 N., R. 14 E., M.D.B. & M., shall at all times be  
19 divided equally between the East Channel and the West Channel of said Creek;  
20 and provided further, Henry Dotta is entitled to divert 0.85 cubic foot per  
21 second of the allotment to A. E. Strang in "third priority class" in said  
22 Schedule 7 through the H. Dotta South Ditch (Diversion 159) to cause adequate  
23 drainage from the lands of said Henry Dotta for the irrigation of 67.3 acres of  
24 the Hamlin Creek lands of A. E. Strang hereinafter described under his name in  
25 Schedule 1.

26  
27  
28 Definition of Water Rights in Fletcher Creek Group

29 62. Said Fletcher Creek Group, as hereinbefore designated in para-  
30 graph 27, comprises rights of "first priority class", "second priority class",  
31 "third priority class", and one right in "surplus class". The various claim-

1 ants enumerated in Schedule 8 hereof are entitled to said rights in "first  
2 priority class", "second priority class", and "third priority class", in and  
3 to the use of the natural flow of Fletcher Creek and Spring Channels, during  
4 the seasons hereinbefore stated in paragraph 30, for domestic, stock-watering,  
5 irrigation and industrial purposes upon their respective lands as shown on  
6 said D.V.R. Map and as described under their respective names in Schedule 1  
7 hereof, in accordance with the acreages to be supplied, priorities and  
8 quantities of water allotted, and through the diversions numbered and named as  
9 set forth in said Schedule 8. Said rights in "first priority class" are  
10 equal in priority and correlative in right, and are superior in priority and  
11 in right to all other rights in said Fletcher Creek Group, and at all times  
12 when the available water supply is inadequate to supply all of said rights  
13 in "first priority class", then during the continuance of such shortage, the  
14 owners of such rights shall prorate the available water supply in accordance  
15 with their respective allotments in said "first priority class" as set forth  
16 in said Schedule 8. Said rights in "second priority class" are equal in  
17 priority and correlative in right, are subject and inferior to said rights  
18 in "first priority class", but are superior in priority and in right to all  
19 other rights in said Fletcher Creek Group, and at all times when the available  
20 water supply is inadequate to supply all of said rights in "second priority  
21 class", then during the continuance of such shortage, the owners of such  
22 rights shall prorate the available water supply, if any, in excess of the  
23 quantity required to supply said prior rights, in accordance with their  
24 respective allotments in said "second priority class" as set forth in said  
25 Schedule 8. Said rights in "third priority class" are equal in priority and  
26 correlative in right, are subject and inferior to said rights in "first  
27 priority class" and "second priority class", but are superior in priority and  
28 in right to all other rights in said Fletcher Creek Group, and at all times  
29 when the available water supply is inadequate to supply all of said rights  
30 in "third priority class", then during the continuance of such shortage, the  
31 owners of such rights shall prorate the available water supply, if any, in

1 excess of the quantity required to supply said prior rights, in accordance  
2 with their respective allotments in said "third priority class" as set forth  
3 in said Schedule 8; provided however, the waters of Fletcher Creek and of  
4 Spring Channels shall at no time be directly commingled prior to application  
5 to beneficial use.

6 63. Subject to the rights hereinbefore defined in said Fletcher  
7 Creek Group, ROSOLINA PASQUETTI is entitled to divert from the natural flow of  
8 Fletcher Creek and Spring Channels as said right in "surplus class" at points  
9 where said streams cross the west boundary of the E $\frac{1}{2}$  SE $\frac{1}{4}$  of Section 21, T. 21  
10 N., R. 14 E., M.D.B. & M.,

11 0.25 cubic foot per second,

12 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
13 watering and irrigation purposes, or as much of said amount of water as is  
14 directly applied to beneficial use for said purposes on her Fletcher Creek  
15 lands hereinafter described under her name in Schedule 1.

16  
17  
18 Definition of Water Rights in Little Truckee River Group

19 64. Said Little Truckee River Group, as hereinbefore designated in  
20 paragraph 27, comprises rights of the various shareholders in Sierra Valley  
21 Water Company for redirection of foreign water conveyed from the Little  
22 Truckee River into the Middle Fork of Feather River stream system, as herein-  
23 after set forth in paragraph 65.

24 65. SIERRA VALLEY WATER COMPANY, a corporation, is entitled to  
25 deliver, during the period between March 15 and September 30, both dates  
26 inclusive, of each and every year into said Middle Fork of Feather River stream  
27 system at a point at the NW $\frac{1}{4}$  of Section 33, T. 20 N., R. 15 E.,  
28 M.D.B. & M., water diverted from Little Truckee River through the Little  
29 Truckee-Sierra Valley Ditch, said foreign water so delivered not at any time  
30 to exceed 60.0 cubic feet per second, measured at said point of delivery, said  
31 foreign water to be redirected and used by the shareholders in said company as

1 enumerated in Schedule 9 hereof, for domestic, stock-watering and irrigation  
2 purposes upon their respective lands as shown on said D.W.R. Map and as  
3 described under their respective names in Schedule 1 hereof, or as much thereof  
4 as is directly applied to beneficial use for said purposes upon their said  
5 lands. Said Sierra Valley Water Company is entitled to use the channels of the  
6 Middle Fork of Feather River and its tributaries and branches to convey said  
7 foreign water to said shareholders, and said company is entitled to maintain  
8 such diversion dams and other structures in said river, its tributaries and  
9 branches, and ditches leading therefrom, as are necessary to distribute said  
10 water to said shareholders in accordance with the respective number of shares  
11 held by them as hereinafter set forth after their respective names in said  
12 Schedule 9. The rights of said shareholders are equal in priority and  
13 correlative in right, and at all times when said foreign water supply available  
14 for rediversion, after deducting transportation losses, is inadequate to supply  
15 all allotments set forth in said Schedule 9, then during the continuance of  
16 such shortage, said shareholders shall prorate said available foreign water  
17 supply in accordance with their respective allotments as set forth in said  
18 Schedule 9.

19  
20  
21 Definition of Water Rights in Middle Fork of Feather River Group.

22 66. The rights hereinafter defined in said Middle Fork of Feather  
23 River Group, as hereinbefore designated in paragraph 27, are subject to the  
24 provisions of the judgment and decree of the Superior Court of the State of  
25 California, in and for the County of Sierra, entered December 4, 1914, in  
26 Case No. 1267, entitled A. S. Nichols Co. vs. William A. Macy, et al., insofar  
27 as said rights have heretofore been determined by said judgment and decree.

28 67. Said Middle Fork of Feather River Group comprises rights of  
29 "special class", "first priority class", "second priority class", "third  
30 priority class", "fourth priority class", "fifth priority class", "sixth  
31 priority class", and "surplus class". Said "special class" embraces twelve

1 rights hereinafter defined in paragraphs 68 to 79, inclusive, which are  
2 independent of each other, but are superior in priority and in right to all  
3 other rights in said Middle Fork of Feather River Group.

4 68. CAESAR P. LOMBARDI is entitled to divert as a right in said  
5 "special class" from the natural flow of Antelope Creek at points designated  
6 on said D.W.R. Map as Diversions 120, 121 and 122, described in Schedule 2  
7 hereof, through the Antelope Upper, Antelope East Channel and Antelope West  
8 Channel Ditches,

9 4.00 cubic feet per second,

10 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
11 watering and irrigation purposes, or as much of said amount of water as is  
12 directly applied to beneficial use for said purposes on his lands hereinafter  
13 described under his name in Schedule 1.

14 69. JULIUS FILIPPINI and PERPETUA GENASCI, collectively, are  
15 entitled to divert as a right in said "special class" from the natural flow of  
16 Antelope Creek, if any, flowing into Section 9, T. 21 N., R. 15 E., M.D.B.& M.,  
17 below a point designated on said D.W.R. Map as Diversion 122, described in  
18 Schedule 2 hereof, by means of the Antelope East Channel Dam,

19 2.00 cubic feet per second,

20 during the season hereinbefore stated in paragraph 30 for domestic, stock-  
21 watering and irrigation purposes, or as much of said amount of water as is  
22 directly applied to beneficial use for said purposes on their respective  
23 Antelope Creek lands hereinafter described under their respective names in  
24 Schedule 1; and at all times any such water so diverted shall be divided  
25 equally between said Julius Filippini and Perpetua Genasci at said Antelope  
26 East Channel Dam.

27 70. ANNA B. MILLER is entitled to divert as a right in said "special  
28 class" from the natural flows of Lemon Creek and Blinman Springs at points  
29 designated on said D.W.R. Map as Diversions 123 to 126, inclusive, described  
30 in Schedule 2 hereof, through the Blinman Spring Channel, Lemon East, Lemon  
31 West and Lemon Lower Ditches,

1 5.00 cubic feet per second,  
2 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
3 watering and irrigation purposes, or as much of said amount of water as is  
4 directly applied to beneficial use for said purposes on her Lemon Creek lands  
5 hereinafter described under her name in Schedule 1.

6 71. FRED P. ALPERS and CHRISTINA ALPERS, collectively, are entitled  
7 to divert as a right in said "special class" from the natural flow of Lemon  
8 Creek, if any, flowing into Section 7, T. 20 N., R. 15 E., M.D.B. & M., below  
9 a point designated on said D.W.R. Map as Diversion 126, described in Schedule 2  
10 hereof, through the Lemon Lower Ditches,

11 2.70 cubic feet per second,  
12 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
13 watering and irrigation purposes, or as much of said amount of water as is  
14 directly applied to beneficial use for said purposes on their Lemon Creek  
15 lands hereinafter described under their names in Schedule 1.

16 72. MARIE MATTAROLO and E. V. MATTAROLO, collectively, are entitled  
17 to divert as a right in said "special class" from the natural flows of  
18 Campbell Springs, an unnamed canyon and Hoho Springs at points designated on  
19 said D.W.R. Map as Diversions 257 and 258, described in Schedule 2 hereof,  
20 through the Campbell Springs and Hoho Springs Ditches,

21 0.60 cubic foot per second,  
22 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
23 watering and irrigation purposes, or as much of said amount of water as is  
24 directly applied to beneficial use for said purposes on their lands herein-  
25 after described under their names in Schedule 1.

26 73. FRANK CARMICHAEL is entitled to divert as a right in said  
27 "special class" from the natural flows of Mapes Creeks and Mapes Springs at  
28 points designated on said D.W.R. Map as Diversions 267 and 268, described in  
29 Schedule 2 hereof, through the Mapes West Meadow and Mapes East Meadow Ditches,

30 5.00 cubic feet per second,  
31 during the season hereinbefore stated in paragraph 30, for domestic, stock-

1 watering and irrigation purposes, or as much of said amount of water as is  
2 directly applied to beneficial use for said purposes on his lands hereinafter  
3 described under his name in Schedule 1.

4 74. VESTE NELSON is entitled to divert as a right in said "special  
5 class" from the natural flows of Nelson Canyons at a point designated on said  
6 D.W.R. Map as Diversion 265, described in Schedule 2 hereof, through the  
7 Nelson Ditches,

8 1.30 cubic feet per second,

9 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
10 watering and irrigation purposes, or as much of said amount of water as is  
11 directly applied to beneficial use for said purposes on his lands hereinafter  
12 described under his name in Schedule 1.

13 75. GIACOMO FALCHI and M. FALCHI, collectively, are entitled to  
14 divert as a right in said "special class" from the natural flow of Falchi  
15 Canyon at a point designated on said D.W.R. Map as Diversion 266, described in  
16 Schedule 2 hereof, through the Falchi (Falchi and Noble) Ditches,

17 1.70 cubic feet per second,

18 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
19 watering and irrigation purposes, or as much of said amount of water as is  
20 directly applied to beneficial use for said purposes on their Beckwith Peak  
21 Fanch lands hereinafter described under their names in Schedule 1.

22 76. WESTOVER CO. is entitled to divert as a right in said "special  
23 class" from the natural flows of Falchi and Noble Canyons, if any, in excess of  
24 1.70 cubic feet per second, at a point designated on said D.W.R. Map as  
25 Diversion 266, described in Schedule 2 hereof, through the Falchi and Noble  
26 Ditches,

27 1.30 cubic feet per second,

28 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
29 watering and irrigation purposes, or as much of said amount of water as is  
30 directly applied to beneficial use for said purposes on the Beckwith Peak  
31 Drainage lands of said Westover Co. hereinafter described under its name in

1 Schedule 1.

2 77. WESTOVAR CO. is entitled to divert as a right in said "special  
3 class" from the natural and developed flow of an unnamed spring in the NW $\frac{1}{4}$   
4 NE $\frac{1}{4}$  Section 10, T. 22 N., R. 14 E., M.D.B. & M.,

5 0.005 cubic foot per second,

6 during the season hereinbefore stated in paragraph 30, for domestic and stock-  
7 watering purposes, or as much of said amount of water as is directly applied  
8 to beneficial use for said purposes within the N $\frac{1}{2}$  NE $\frac{1}{4}$  Section 10, T. 22 N.,  
9 R. 14 E., M.D.B. & M.

10 78. JOHN AMODEI and ANNA AMODEI, and A. E. STRANG are entitled  
11 to divert as a right in said "special class" from the natural flows of Amodei  
12 Upper Spring and Amodei Lower (Meadow) Springs at points designated on said  
13 D.W.R. Map as Diversions 259 and 260, described in Schedule 2 hereof, through  
14 the Amodei Upper Spring and Amodei Meadow Spring Ditches, in the amounts set  
15 forth after their respective names as follows:

16 John Amodei and Anna Amodei - 1.20 cubic feet per second

17 A. E. Strang - 0.20 cubic foot per second,

18 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
19 watering and irrigation purposes, or as much of said amounts of water as are  
20 directly applied to beneficial use for said purposes on their Amodei Springs  
21 lands hereinafter described under their respective names in Schedule 1, and at  
22 all times when the available water supply is inadequate to supply said amounts  
23 of water above set forth in this paragraph, then during the continuance of  
24 such shortage, said owners thereof shall prorate the available supply in  
25 accordance with their respective allotments above set forth in this paragraph  
26 after their respective names.

27 79. A. E. STRANG is entitled to divert as a right in said "special  
28 class", from the natural flow, if any, flowing from Amodei Meadow Springs  
29 through the Amodei Meadow Spring Channel into Section 11, T. 20 N., R. 14 E.,  
30 M.D.B. & M.,

31 0.20 cubic foot per second,

1 during the season hereinbefore stated in paragraph 30, or as much of said  
2 amount of water as is directly applied to beneficial use for irrigation  
3 purposes on his Amodel Meadow Springs Lands hereinafter described under his name  
4 in Schedule 1.

5 80. Subject to all rights hereinbefore defined, the various  
6 claimants enumerated in Schedule 10 hereof are entitled to said rights in "first  
7 priority class", "second priority class", "third priority class", "fourth  
8 priority class", "fifth priority class", and "sixth priority class", in and to  
9 the use of the natural flow of the Middle Fork of Feather River and its  
10 tributaries, during the seasons hereinbefore stated in paragraph 30, for  
11 domestic, stock-watering and irrigation purposes upon their respective lands  
12 as shown on said D.W.R. Map and as described under their respective names in  
13 Schedule 1 hereof, in accordance with the acreages to be supplied, priorities  
14 and quantities of water allotted, and through the diversions numbered and  
15 named as set forth in said Schedule 10. Said rights in "first priority class"  
16 are equal in priority and correlative in right, are subject and inferior to  
17 the rights in "special class" hereinbefore set forth in paragraphs 68 to 79,  
18 inclusive, but are superior in priority and in right to all other rights in  
19 said Middle Fork of Feather River Group, and at all times when the available  
20 water supply is inadequate to supply all of said rights in "first priority  
21 class", then during the continuance of such shortage, the owners of such  
22 rights shall prorate the available water supply, if any, in excess of the  
23 quantity required to supply said rights in "special class", in accordance with  
24 their respective allotments in said "first priority class" as set forth in  
25 said Schedule 10. Said rights in "second priority class" are equal in  
26 priority and correlative in right, are subject and inferior to said rights in  
27 "special class" and "first priority class", but are superior in priority and  
28 in right to all other rights in said Middle Fork of Feather River Group, and  
29 at all times when the available water supply is inadequate to supply all of  
30 said rights in "second priority class", then during the continuance of such  
31 shortage, the owners of such rights shall prorate the available water supply,

1 if any, in excess of the quantity required to supply said prior rights, in  
2 accordance with their respective allotments in said "second priority class" as  
3 set forth in said Schedule 10. Said rights in "third priority class" are equal  
4 in priority and correlative in right, except as hereinafter in this sentence  
5 specified, are subject and inferior to said rights in "special class", "first  
6 priority class" and "second priority class", but are superior in priority and in  
7 right to all other rights in said Middle Fork of Feather River Group, and at all  
8 times when the available water supply is inadequate to supply all of said rights  
9 in "third priority class", then during the continuance of such shortage, the  
10 owners of such rights shall prorate the available water supply, if any, in  
11 excess of the quantity required to supply said prior rights, in accordance with  
12 their respective allotments in said "third priority class" as set forth in said  
13 Schedule 10, except the allotment to Grace L. Wilson in said "third priority  
14 class" is superior in priority and in right to the allotments to Fred P. Alpers  
15 and Christina Alpers, and Giulio Torri in said "third priority class" as set  
16 forth in said Schedule 10. Said rights in "fourth priority class" are equal in  
17 priority and correlative in right, are subject and inferior to said rights in  
18 "special class", "first priority class", "second priority class", and "third  
19 priority class", but are superior in priority and in right to all other rights  
20 in said Middle Fork of Feather River Group, and at all times when the avail-  
21 able water supply is inadequate to supply all of said rights in "fourth  
22 priority class", then during the continuance of such shortage, the owners of  
23 such rights shall prorate the available water supply, if any, in excess of the  
24 quantity required to supply said prior rights, in accordance with their  
25 respective allotments in said "fourth priority class" as set forth in said  
26 Schedule 10. Said rights in "fifth priority class" are equal in priority and  
27 correlative in right, are subject and inferior to said rights in "special  
28 class", "first priority class", "second priority class", "third priority class",  
29 and "fourth priority class", but are superior in priority and in right to all  
30 other rights in said Middle Fork of Feather River Group, and at all times when  
31 the available water supply is inadequate to supply all of said rights in "fifth

1 priority class", then during the continuance of such shortage, the owners of  
2 such rights shall prorate the available water supply, if any, in excess of the  
3 quantity required to supply said prior rights in accordance with their  
4 respective allotments in "fifth priority class" as set forth in said Schedule  
5 10. Said rights in "sixth priority class" are equal in priority and correlative  
6 in right, are subject and inferior to said rights in "special class", "first  
7 priority class", "second priority class", "third priority class", "fourth  
8 priority class", and "fifth priority class", but are superior in priority and  
9 in right to all other rights in said Middle Fork of Feather River Group, and  
10 at all times when the available water supply is inadequate to supply all of  
11 said rights in "sixth priority class", then during the continuance of such  
12 shortage, the owners of such rights shall prorate the available water supply,  
13 if any, in excess of the quantity required to supply said prior rights, in  
14 accordance with their respective allotments in said "sixth priority class";  
15 provided, however, the allotment of 0.04 cubic foot per second through Diversion  
16 133 to Annie Dora Adams shall be delivered at the place of use on the land  
17 described under her name in said Schedule 1; provided further, Antone E. Dotta  
18 has no right to cause water, in the Humphrey Dam East Ditch (Diversion 238)  
19 to be raised to such an elevation that interference will result in delivery  
20 of the allotments set forth in said Schedule 10 to James L. Humphrey and to  
21 Louisa Scolari, Ida A. Scolari, Colia D. Fallon, P. R. Scolari, R. A. Scolari,  
22 Olivie R. Roberti and Lydia H. Westover through said ditch; provided further,  
23 Fred F. Alpers and Christina Alpers shall be entitled to have their allot-  
24 ment set forth in Schedule 9 turned into the Bony East Ditch at the Bony Upper  
25 Concrete Dam (Diversion 136) to be used as a supplemental supply for their  
26 Lemon Creek lands described under their names in said Schedule 1, whenever  
27 Little Truckee River water is available for redirection at said point and  
28 whenever such use will not interfere with delivery of allotments through said  
29 ditch and diversion herein set forth for the use of Francesca G. Bony and  
30 Marcel J. Bony; provided further, C. D. Johnson is entitled to use such drain-  
31 age from the Albee Dam of the Morgan, Johnson and Adams Ditches (Diversion 133)

1 as may flow onto his lands described under his name in said Schedule 1 in  
2 addition to the allotment to his lands set forth in said Schedule 10; provided  
3 further, Thomas E. Miller is entitled to use such drainage from the Dolley  
4 Dam and Ditch of the Morgan, Johnson and Adams Ditches (Diversion 133) as may  
5 flow onto his lands described under his name in said Schedule 1 in addition  
6 to the allotment to his lands set forth in said Schedule 10; provided further,  
7 James I. Humphrey is entitled to divert and use all or any portion of his  
8 allotments set forth in said Schedule 10 as a supplemental supply on his West  
9 Side Canal and Craycroft Creek lands described under his name in said Schedule  
10 1; and provided further all waters reaching the heads of Town Creek and Perry  
11 Creek, in the SE $\frac{1}{4}$  NE $\frac{1}{4}$  Section 24, T. 20 N., R. 14 E., M.D.B. & M., shall at  
12 all times be equally divided between said creeks.

13 81. Said "surplus class" embraces two rights to direct diversion  
14 and two rights to store waters of tributaries to said Middle Fork of Feather  
15 River; said rights in "surplus class" are inferior and subject to all other  
16 rights in said Middle Fork of Feather River Group as hereinbefore set forth  
17 in paragraphs 68 to 80, inclusive; and the relative priorities of said rights  
18 in "surplus class" are as hereinafter set forth in paragraphs 82 to 85,  
19 inclusive.

20 82. ANNA B. MILLER is entitled to divert as a right in said  
21 "surplus class" from the natural flow of Webber Creek at a point designated  
22 on said D.W.R. Map as Diversion 155, described in Schedule 2 hereof, through  
23 the Amodai Ditch,

24 3.00 cubic feet per second,  
25 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
26 watering and irrigation purposes, or as much of said amount of water as is  
27 directly applied to beneficial use for said purposes on her Amodai Ditch lands  
28 hereinafter described under her name in Schedule 1; and said right set forth  
29 in this paragraph is equal in priority and correlative in right with the right  
30 hereinafter defined in paragraph 83, but is independent of the rights herein-  
31 after defined in paragraphs 84 and 85.

1           83. WESTOVER CO. is entitled to divert as a right in said "surplus  
2 class" from the natural flow of the Middle Fork of Feather River at points  
3 designated on said D.W.R. Map as Diversions 243, 244 and 245, described in  
4 Schedule 2 hereof, through the Noble East and Noble West Ditches and Noble  
5 Dam,

6                               3.30 cubic feet per second,

7 during the season hereinbefore stated in paragraph 30, for domestic, stock-  
8 watering and irrigation purposes, or as much of said amount of water as is  
9 directly applied to beneficial use for said purposes on the Middle Fork of  
10 Feather River lands of said Westover Co. hereinafter described under its name  
11 in Schedule 1; and said right set forth in this paragraph is equal in priority  
12 and correlative in right with the right hereinbefore defined in paragraph 82,  
13 but is independent of the rights hereinafter defined in paragraphs 84 and 85.

14           84. WESTOVER CO. is entitled to divert as a right in said "surplus  
15 class" from the natural flows of unnamed canyons situate between Falchi Canyon  
16 and Nelson Canyon at a point designated on said D.W.R. Map as Diversion 263,  
17 described in Schedule 2 hereof, for storage in the Noble Reservoir,

18                               200 acre-feet per annum,

19 to be used as a supplemental supply for domestic, stock-watering and irrigation  
20 purposes, or as much of said amount of water as is impounded in said Noble  
21 Reservoir, situated in the SW $\frac{1}{4}$  SW $\frac{1}{4}$  Section 1, E $\frac{1}{2}$  SE $\frac{1}{4}$  and NW $\frac{1}{4}$  SE $\frac{1}{4}$  Section 2,  
22 NE $\frac{1}{4}$  NE $\frac{1}{4}$  Section 11, and NW $\frac{1}{4}$  NW $\frac{1}{4}$  Section 11, all in T. 23 N., R. 14 E.,  
23 M.D.B.& M. and thereafter withdrawn from said reservoir, during the period  
24 from May 1 to September 1, both dates inclusive, of each year and applied to  
25 beneficial use for said purposes on the Middle Fork of Feather River lands  
26 hereinafter described under the name of said Westover Co. in Schedule 1; and  
27 the right set forth in this paragraph is independent of the other rights in  
28 said "surplus class" herein set forth in paragraphs 82, 83, and 85.

29           85. FRANK CARMICHAEL is entitled to divert as a right in said  
30 "surplus class" from the natural flow of Mapes Creeks and its tributaries at  
31 points within the NW $\frac{1}{4}$  Section 19, T. 23 N., R. 15 E., M.D.B.& M., for storage

1 in the Mapes Reservoir,  
2 80 acre-feet per annum,  
3 to be used as a supplemental supply for domestic, stock-watering and  
4 irrigation purposes, or as much of said amount of water as is impounded in said  
5 Mapes Reservoir, situated in the  $E\frac{1}{2}$   $NE\frac{1}{4}$  Section 24, T. 23 N., R. 14 E.,  
6 M.D.B. & M., and the  $W\frac{1}{2}$   $NW\frac{1}{4}$  and  $NE\frac{1}{4}$   $NW\frac{1}{4}$  Section 19, T. 23 N., R. 15 E., M.D.B. & M.,  
7 and thereafter withdrawn from said reservoir, during the period from March 1  
8 to September 1, both dates inclusive, of each year and applied to beneficial  
9 use for said purposes on the lands hereinafter described under his name in  
10 Schedule 1; and the right set forth in this paragraph is independent of the  
11 other rights in said "surplus class" herein set forth in paragraphs 82, 83 and  
12 84.

Delivered at place of use as hereinbefore set forth in paragraph 80.  
 \*\* Use of Diversion 238 by Antone E. Dotta shall not materially affect delivery of water to other users of said diversion as hereinbefore set forth in paragraph 80.

1 IT IS FURTHER ORDERED, ADJUDGED AND DECREED as follows:

2 86. That no party herein adjudged and decreed a right to water shall  
3 divert from said Middle Fork of Feather River and its tributaries above Beck-  
4 with, at any time, a quantity of water in excess of the quantity reasonably  
5 necessary for his requirements and being put to beneficial use by said party.

6 87. The Court retains continuing jurisdiction of the parties and  
7 subject matter of this proceeding for the purpose of enforcing its judgments,  
8 orders and decrees.

9 88. That each and every party to this action, his or her agents,  
10 successors, grantees and assigns, be and they are hereby perpetually enjoined  
11 and restrained from doing anything in violation of the terms or provisions of  
12 this decree, or diverting any water from said Middle Fork of Feather River  
13 and its tributaries above Beckwith, at any time in violation of the terms  
14 hereof, or from doing anything that will obstruct or interfere with any other  
15 right in this decree adjudged and decreed.

16 89. As this decree is made and entered too late in the present year  
17 to permit the formation and functioning of a water master district under  
18 sections 37 to 37f, inclusive, of the Water Commission Act, to provide super-  
19 vision of water distribution to enforce the provisions of said decree, it  
20 appears necessary and proper to the Court to provide a procedure for such  
21 supervision of water distribution for the 1940 irrigation season during the  
22 period from April 1st to October 1st, inclusive, of said year. In succeeding  
23 years, the procedure provided under said sections of the Water Commission Act  
24 will be available and appropriate for adequate water master service to enforce  
25 this decree. Accordingly, upon written request therefor, to the Division of  
26 Water Resources of the Department of Public Works of the State of California,  
27 of the owners or governing bodies of at least fifteen per cent of the conduit  
28 ditches, pipe lines and other means of diversion lawfully entitled to directly  
29 divert water from the streams or other sources of water supply involved in  
30 this cause, the said Division of Water Resources is hereby authorized and  
31 directed to supervise the distribution of water under this decree through the

1 agency of a water master or water masters for the 1940 irrigation season, as  
2 necessity therefor may exist, during the period from April 1st to October 1st,  
3 inclusive, 1940. The costs and expenses of such water master service for the  
4 1940 season shall be borne by the parties hereto, and said costs and expenses  
5 shall be equitably apportioned by said Division of Water Resources among said  
6 parties in the manner heretofore approved by the Court in "Order Approving  
7 Statement and Apportionment of Expenses", made October 24, 1939, and the  
8 following procedure shall be followed:

- 9 (a) The Division of Water Resources shall prepare a statement  
10 containing a budget showing estimated cost and apportionment  
11 thereof of the expenses of said Division for supervision of  
12 water distribution to be performed during said season. Said  
13 statement and certified copy of the written request or requests  
14 hereinabove mentioned shall be filed in this cause with the  
15 Clerk of this Court and a true copy of said statement served  
16 by mail upon each of the parties to this action on or before  
17 February 15th, 1940. Proof of service of said statement as  
18 herein provided shall be filed in this cause.
- 19 (b) The parties to this cause, and each of them, shall have until  
20 and including March 6th, 1940, in which to serve upon said  
21 Division of Water Resources and file in this cause written  
22 objections, if any, to said statement, setting forth the basis  
23 and grounds for such objections. Parties failing to object  
24 within the time and manner here provided, shall be conclusively  
25 deemed to have waived any and all objections to said statement  
26 and will be foreclosed from thereafter urging any objection to  
27 the same.
- 28 (c) If no objections are made to said statement in the time and  
29 manner provided, the Court will thereupon make and enter an  
30 order approving said statement and requiring that all apportion-  
31 ments shall be paid after entry of such an order of the Court

1 and within thirty days after notice of said order mailed by  
2 the Division of Water Resources to the parties or their  
3 attorneys. Execution shall issue in favor of the Division  
4 and against any party delinquent upon application therefor by  
5 the Division in like manner and with like effect as in  
6 instances of writs of execution upon a final judgment.

7 (d) If any objections to said statement are made in the time and  
8 manner provided, the Court will set such objections for  
9 hearing, hear the same, and thereupon enter an order deter-  
10 mining and adjudging the amount or apportionment, or both, of  
11 said expenses as the Court may deem just and equitable, and  
12 requiring payment in the time and manner provided in the  
13 preceding sub-paragraph, with like provisions for issuance  
14 of writs of execution.

15 (e) Payments made hereunder by the parties to said Division of  
16 Water Resources shall be placed in a separate account by  
17 said Division and all expenditures for supervision of water  
18 distribution for said season shall be paid from said account  
19 upon claims approved by said Division and as otherwise audited  
20 and approved under the laws of this State relating to such  
21 matters.

22 (f) The balance, if any, remaining in said separate account after  
23 payment of expenditures for supervision of water distribution  
24 for the 1940 season, shall remain available for use by the  
25 Division of Water Resources for supervision of water distribu-  
26 tion under this decree for succeeding years in accordance with  
27 provisions of sections 37 to 37f, inclusive, of the Water  
28 Commission Act.  
29  
30  
31

1           90. The said Division of Water Resources, having duly computed and  
 2 apporportioned the excess expense incurred in performing the duties prescribed  
 3 in sections 26 to 36 of the Water Commission Act and having given notice  
 4 thereof to the parties to this proceeding as prescribed in said act; said  
 5 apporportionments having become due and payable to said Division of Water Resources  
 6 by the respective parties; no objections having been made to said expense or the  
 7 apporportionment thereof; said expense and apporportionment thereof having been  
 8 approved by "Order Approving Statement and Apporportionment of Expenses", made by  
 9 the Court on the 24th day of October, 1939; said order having become final  
 10 thirty days from entry thereof as provided in said act; and all parties having  
 11 heretofore paid their respective apporportionments excepting those parties  
 12 against whom judgment in favor of said Division is rendered as follows:

13           IT IS FINALLY ORDERED, ADJUDGED AND DECREED that the parties herein-  
 14 after named in this paragraph shall forthwith pay their respective apporportion-  
 15 ments of the costs of this proceeding to said Division of Water Resources,  
 16 Sacramento, California, as respectively set forth after their names as follows:

AGREEMENT AND WATER RIGHT ASSIGNMENT

WHEREAS, the Sierra County (Calpine) Water Works District No. 1 has heretofore been organized and incorporated for the purpose of supplying water for domestic and recreational use within said district; and

WHEREAS, it is necessary for said district to acquire rights to water for distribution purposes to serve said district with water;

NOW, THEREFORE, the undersigned agree to, and do hereby, assign to the Sierra County (Calpine) Water Works District No. 1 the water right consisting of 0.26 cubic foot per second first priority, and 0.26 cubic foot per second second priority through Diversion No. 196 from Fletcher Creek as set forth in Schedule 8 of that certain judgment and decree of the Superior Court of the State of California, in and for the County of Plumas, being action No. 8905 therein, and entitled:

"IN THE MATTER OF THE DETERMINATION OF THE RIGHTS OF THE VARIOUS CLAIMANTS TO THE WATER OF THAT PORTION OF MIDDLE FORK OF THE FEATHER RIVER AND ITS TRIBUTARIES SITUATE ABOVE BECKWITH IN PLUMAS COUNTY AND BEING WITHIN SIERRA AND PLUMAS COUNTIES, CALIFORNIA"

said decree being dated January 19, 1940, and filed January 22, 1940, in Judgment Book No. 5, at Page 245, Plumas County Records and also filed in Sierra County.

IT IS UNDERSTOOD AND AGREED that if at any time the Sierra County (Calpine) Water Works District No. 1 ceases to function and to serve water to the inhabitants of said district, all water rights herein assigned shall at such time revert to the assignee, his legal representatives, heirs and assigns.

This agreement is to be binding upon the heirs, executors, administrators and assigns of all parties hereto.
